Russia and the Post-Soviet Scene: A Geographical Perspective

Bater, James H.

Note: This is not the actual book cover

Soviet Scene A Geographical Perspective

Gerry O'Reilly

Soviet Scene A Geographical Perspective:

The Soviet Scene James H. Bater, 1989-01 This book is a concise introduction to the complexities of the Soviet system focusing on issues of general concern It looks at the processes of decision making the continuities and changes between Imperial and Soviet Russia and the divergences between ideals and reality in the Soviet Union **Russia and the Post-Soviet Scene** James H. Bater, 1996 This successor to Bater's highly acclaimed **The Soviet Scene** presents a survey of the contemporary human geography of the former Soviet Union A central theme in the book's organization and content is historical continuity and change Bater argues that an appreciation of the former Soviet Union's past is imperative to an understanding of the present **A History Of Russia Volume 2** Walter G. Moss, 2004-10-01 Moss has significantly revised his text and bibliography in this second edition to reflect new research findings and controversies on numerous subjects He has also brought the history up to date by revising the post Soviet material which now covers events from the end of 1991 up to the present day This new edition retains the features of the successful first edition that have made it a popular choice in universities and colleges throughout the US Canada and around the world **Russia's Policy Challenges** Stephen K. Wegren, 2016-07-08 Designed for use in courses on contemporary Russia this volume explores Russia's policy dilemmas in three realms international security socio political and socio economic In each of these categories Russia faces daunting problems none of which is likely to be resolved quickly or easily Yet over the longer term the extent to which policymakers are successful in dealing with these challenges will go far in determining Russia's future place in the world how Russians will live and what kind of country Russia becomes Each expertly authored chapter outlines the nature of one major issue traces its evolution and policy developments under the Yeltsin and Putin presidencies and evaluates the effectiveness and prospects of efforts to come to grips with the challenge *Russian Nature* Jonathan D. Oldfield, 2017-03-02 Jonathan D Oldfield provides a detailed assessment of the changing relationship between Russian society and the wider environment since the fall of the Soviet Union Through this he highlights the need to critically evaluate assumptions regarding the post Soviet environment in order to move beyond generalization and engage meaningfully with the particularities of Russia's contemporary environmental situation The book begins by focusing on the nature of Soviet environmental legacies as a necessary backdrop to the remainder of the study This is followed by a general examination of the relationship between economic change and pollution output during the course of the 1990s Further chapters provide in depth analysis of recent legislative and policy developments in the area of environmental protection and an exploration of emerging pollution and environmental quality trends at both the national and regional level In addition the book highlights pressures that are related to Russia's engagement with the global economy **Post-Soviet Geography and Economics**, 1998 **Human Geography** Erin Hogan Fouberg, Alexander B. Murphy, Harm J. De Blij, 2015 **1993** Patt Leonard, Rebecca Routh, 1996 Journal articles books book chapters book reviews dissertations and selected government publications on East Central Europe and the

former Soviet Union published in the United States and Canada **Soviet Studies Guide** Tania Konn,1992 Critical bibliographic references to core literature on land environment and people Soviet history society and culture government and politics international relations armed forces economy business science and technology and general reference **Place Naming, Identities and Geography** Gerry O'Reilly,2023-04-06 This book presents research on geographical naming on land and sea from a wide range of standpoints on theory and concepts case studies and education Space and place naming or toponymy has a long tradition in the sciences and a renewed critical interest in geography and allied disciplines including the humanities Place location and cartographical aspects etymology and geo histories so salient in past studies are now being enhanced from a range of radical perspectives especially in a globalizing standardizing world with Googlization and the consequent normalization of place names perceptions and images worldwide including those for marketing purposes Nonetheless there are conflicting and contesting voices The interdisciplinary research is enhanced with authors from regional national and international toponymy related institutions and organizations including the UNGEGN IGU ICA and so forth Post-Soviet Geography ,1996 *Human Geography* Erin H. Foubert,Alexander B. Murphy,Harm J. de Blij,2009-01-27 Taking us from our hominid ancestors to the megacities of today Human Geography brings a new emphasis to the political and economic issues of human geography **Wcsworld Regional Geography 11th Edition with Lecture Notes for Tarrant County College** John a Hannah Professor of Geography Harm J De Blij,2004-12-31 *A History of Russia: To 1917* Walter Moss,2002 A History of Russia: Since 1855 Walter Moss,2002 *A Bibliography on Soviet Industrial Location, 1965-1983* Michael J. Bradshaw,Robert N. North,1983 **Eurasian Geography and Economics** ,2002 **The Pre-Soviet Roots of the Aral Sea Crisis** Heather Lynn Carlisle,1994 *Growth, Stagnation and Transition* Kerry Ellen Pannell,1997 **Environment and Planning** ,2009
