Russian-Cuban Relations since 1992 Bain,1955-01-01 This book addresses the relationship between the Russian Federation and Cuba from 1992 to the present the period since the disintegration of the Soviet Union Mervyn J Bain analyzes the reasons why the relationship between Havana and Moscow continues to thrive even after the end of the Cold War and the death of international socialism He argues that there are five main areas to be studied in order to understand why the Russians and Cubans have maintained close cultural and political ties well into the twenty first century Bain first explores the effects the disintegration of the Soviet Union had on the relationship between Moscow and Havana in the years since 1992 He goes on to describe how the two countries have adapted or failed to adapt to the New World Order and the ways in which their foreign policy have changed the shape of their dialogue with each other The third and fourth sections detail both the impact of globalization and the increased cultural economic and military exchange between Russians and Cubans Bain concludes by showing readers the importance of placing the Russian Cuban relationship in an international context especially highlighting the influence of the United States over it This book will be of interest to those interested in post Soviet Russian foreign policy Cuban foreign policy and international relations *Caviar with Rum* J. The Kennedy Tapes Ernest R. May,Philip Zelikow,1997 October 1962 the United States and the Soviet Union stood eyeball to eyeball each brandishing enough nuclear weapons to obliterate civilization in the Northern Hemisphere It was one

of the most dangerous moments in world history Day by day for two weeks the inner circle of President Kennedy's National Security Council debated what to do twice coming to the brink of attacking Soviet military units in Cuba units equipped for nuclear retaliation And through it all unbeknownst to any of the participants except the President himself tape was rolling capturing for posterity the deliberations that might have ended the world as we know it These are the full and authenticated transcripts of those audio recordings Arguably the most important document in the history of the Cuban missile crisis these transcripts are also a unique window on a drama rarely if ever witnessed by those outside the halls of power the moment by moment decisionmaking of those with the fate of the West in their hands in a constantly changing world threatening situation At the center of it all is President Kennedy wary of experts after the debacle of the Bay of Pigs puzzled and distrustful after confrontations with Khrushchev in Vienna and Berlin and ever mindful of the responsibility symbolized by the satchel his military aides hold nearby containing the codes to unleash nuclear warfare In one brief segment midway through the crisis the President alone speaks his thoughts into the machine In others he copes with hawks from Capitol Hill and the Pentagon And in the last meeting we hear him explaining and defending the formula that finally defused the crisis With him throughout are his team from the State Department including Secretary Dean Rusk Under Secretary George Ball and Llewellyn Thompson his Defense team especially Robert McNamara his key assistants Theodore Sorenson and McGeorge Bundy Secretary of the Treasury Douglas Dillon Vice President Lyndon Johnson and of course his brother Robert the Attorney General All are identified and put into their proper context by the editors whose introduction makes sense of this singular drama within the history of the Cold War and the Kennedy administration and whose conclusions will shape our understanding of the Cold War

Jack Geoffrey Perret, 2001 Previous biographies of John F Kennedy have been based almost entirely on newspaper files and personal recollections Geoffrey Perret's Jack is both the first comprehensive one volume biography of JFK and the first account of his life based on the extensive and important documentary record that has finally become available including Kennedy's personal diaries hundreds of hours of taped conversations from the White House recently declassified government documents extensive family correspondence and crucial interviews sealed for nearly forty years The result is a gripping accurate and ultimately moving portrait of America's most charismatic president Jack provides much needed context and perspective on Kennedy's bewilderingly complex personality It offers an even handed account of the seamy side of his life orgies and abortions health and drug problems along with valuable insights into JFK's truly idealistic and visionary character Jack presents a compelling account of the volatile relationship between Kennedy and his wife including Jackie's attempt to divorce him move to

Hollywood and become a film star At the same time Perret explains how together they created the Kennedy style Jack reveals how the restless innovative Kennedy was able to overturn more than a hundred years of political tradition forge the modern political campaign and once in the White House modernize the presidency His success was so complete that all serious presidential candidates since 1960 have sought to compare themselves to JFK not challenging his legacy but embracing it Jack is filled too with numerous revelations such as the true story behind the lobotomy of JFK's sister Rosemary And here for the first time is a comprehensive account of Kennedy's numerous and varied ailments from childhood on including his back problems Perret describes how JFK got the two most important decisions of his administration right his handling of the Cuban missile crisis and his stance on civil rights As to Vietnam Kennedy did not believe it was worth fighting for and in the last months of his presidency he began formulating a secret plan for neutralization and withdrawal if he won the 1964 election But that of course was not to be Convinced he would die young Kennedy foresaw that a violent death would claim him Throughout his brief time in the White House he was haunted by a vision of a man standing at a window looking down at him holding a rifle Jack A Life Like No Other is a book like no other Here at last John F Kennedy seems to step off the page in all his vitality charm and originality **Transnational law & contemporary problems** ,2004 **Biblio Noticias** ,1992
