## Space Coast:

**Florida's Space Coast** Wade Arnold, 2009 Floridaas Space Coast is an area that got its name from one of the most exciting times in United States history Settlers were living in Brevard County as far back as the 1800s and even after World War II it was still a quiet place to live Cities and beach towns along 74 miles of Atlantic Ocean coastline were thrust into the modern age in the early 1950s when rockets began lighting up the skies above them By the end of that decade the space race had begun and the nation would set a path to put men on the moon The areaas population surged with over 200 000 new residents and things would never be the same It was a time when people risked their lives for space exploration and a community came together to make it happen
