

# NON SEQUITUR'S SUNDAY COLOR TREASURY

WILEY MILLER

# Non Sequiturs Sunday Color Treasury

**JS Bruner**

## **Non Sequiturs Sunday Color Treasury:**

**Non Sequitur's Sunday Color Treasury** Wiley Miller, 2013-07-30 Non Sequitur creator Wiley Miller truly broke the cartoon mold when he first published his strip in 1992. This hugely popular cartoon is chock full of witty observations on life's idiosyncrasies. The name of the comic strip comes from the Latin translation of "it does not follow." Each strip or panel stands on its own individual merits. Strips do not follow in a sequence and are not related. Non Sequitur's characters are not central to the plot; the humor is. Before it was even a year old, Non Sequitur was named the Best Newspaper Comic Strip of the Year by the National Cartoonists Society. With an ever-expanding cult following, this quirky cartoon is set in no specific time period or place. It is a whimsical yet flippant look at everyday life.

**Non Sequitur's Sunday Color Treasury** Wiley Miller, 2005-11 Non Sequitur creator Wiley Miller truly broke the cartoon mold when he first published his strip in 1992. This hugely popular cartoon is chock full of witty observations on life's idiosyncrasies. The name of the comic strip comes from the Latin translation of "it does not follow." Each strip or panel stands on its own individual merits. Strips do not follow in a sequence and are not related. Non Sequitur's characters are not central to the plot; the humor is. Before it was even a year old, Non Sequitur was named the Best Newspaper Comic Strip of the Year by the National Cartoonists Society. With an ever-expanding cult following, this quirky cartoon is set in no specific time period or place. It is a whimsical yet flippant look at everyday life.

**Comics through Time** M. Keith Booker, 2014-10-28 Focusing especially on American comic books and graphic novels from the 1930s to the present, this massive four-volume work provides a colorful yet authoritative source on the entire history of the comics medium. Comics and graphic novels have recently become big business, serving as the inspiration for blockbuster Hollywood movies such as the Iron Man series of films and the hit television drama The Walking Dead. But comics have been popular throughout the 20th century, despite the significant effects of the restrictions of the Comics Code in place from the 1950s through 1970s, which prohibited the depiction of zombies and use of the word "horror" among many other rules. *Comics through Time: A History of Icons, Idols, and Ideas* provides students and general readers a one-stop resource for researching topics, genres, works, and artists of comic books, comic strips, and graphic novels. The comprehensive and broad coverage of this set is organized chronologically by volume. Volume 1 covers 1960 and earlier; Volume 2 covers 1960-1980; Volume 3 covers 1980-1995; and Volume 4 covers 1995 to the present. The chronological divisions give readers a sense of the evolution of comics within the larger contexts of American culture and history. The alphabetically arranged entries in each volume address topics such as comics publishing, characters, imprints, genres, themes, titles, artists, writers, and more. While special attention is paid to American comics, the entries also include coverage of British, Japanese, and European comics that have influenced illustrated storytelling of the United States or are of special interest to American readers.

**How Comics Are Made** Glenn Fleishman, 2025-06-03 No one before now has written a history of the comic strip as a technological artifact not at least in such depth and on such a sound foundation of research. Michael Chabon, author of The

Amazing Adventures of Kavalier Clay If you love comics you'll love this visual history of comic strips featuring all of the methods techniques and wizardry that made the funny pages such an important staple of American life. Featuring interviews with dozens of the century's most famous cartoonists and hundreds of rare archival images, *How Comics Are Made* covers the entire history of newspaper comics from a unique angle: how they were made and printed. This book combines years of research and dozens of interviews with cartoonists, historians and production people to tell the story of how a comic starts with an artist's hand and makes its way through transformations into print and onto a digital screen. You'll see reproductions of art and artifacts that have never appeared in print anywhere and some historic comics will appear for the first time ever in any medium in this book. And you'll find out about metal etching, Dragon's Blood, a real thing, flong, also a real thing, and the massively almost impossibly complicated path that original artwork took to get onto newsprint in the days of metal relief printing. The book is divided by time and transitions from the start of consistently appearing daily and weekly comics in newspapers, The Early Days, From the Yellow Kid in the 1890s to the 1910s, Syndication in Metal, When it became affordable to make hundreds or thousands of copies of daily strips to send around the country or world from the 1910s to 1970s, Flatland Newspapers switch from relief to flat printing and the shift to purely photographic transformations from the 1950s to the 1980s, Pixel Perfect, The transition from photographic to digital, from scanning to digital creation from the 1970s to 2000s and through the present day, Webcomics and Beyond, Look ma no ink, Digital comics, read online and sometimes put on press to make books. Each section features interviews with artists, reproductions of original cartoon art, printing and coloring artifacts and the way cartoons appeared in print or on screen.
