**The Process of Magic** Taylor Ellwood, 2018-06-05 Learn how magic works and how to get consistent results There are lots of books about magic but how many of them actually explain how magic works or more importantly how to get a consistent result that meaningfully changes your life The Process of Magic strips away the glamour and image of magic to focus on the reality of how magic works and what you can do to customize your magical workings Instead of relying on prescriptive spells and rituals why not learn the fundamental mechanics of magic and design your own workings With the Process of Magic you ll learn exactly that and much more What the 11 principles of magic are and how they create your magical workings What the 8 types of magic workings are and how to customize them How to methodically approach magic as a process that produces results How to troubleshoot and fix your magical workings How to get results that last If you ve ever gotten results that don t stick or tried to do a working and come away feeling like nothing worked then The Process of Magic will help you demystify magic and make it into a spiritual practice you can use to improve and enhance your life
