The Gospels In Their Original Meaning:

The Theology of the Gospel of Mark William Telford, 1999-06-17 This 1999 book presents the reader with a comprehensive view of the theology underlying the first narrative account of the life of Jesus In Chapter 1 Dr Telford introduces the background of the text and its general message attempting briefly to place the Gospel and therefore its theology in its historical setting In the second chapter he describes and analyses the Gospel s theology again from an historical perspective and with particular regard to its original context In the third chapter Telford goes on to examine the Gospel in relation to other relevant writings of the New Testament Briefly reviewing this larger corpus and highlighting parallels and contrasts where appropriate he seeks to locate the Gospel s theology in its wider canonical context The fourth and final chapter ranges even further afield commenting on the Gospel s history of interpretation and on its significance in the contemporary context *The Four Gospels, as Interpreted by the Early Church* Francis Henry Dunwell, 1876 *Biblical Interpretation in Early Christian Gospels* Thomas R. Hatina, 2020-03-19 This volume is the fourth in a set of volumes which together explore current approaches to the study of scripture in the Gospels Thomas R Hatina s latest edited collection begins with an introduction surveying methodological approaches used in the study of how scriptural allusions quotations and references function in John with subsequent essays grouped into four categories that represent the breadth of current interpretive interests The contributors begin with historical critical approaches before moving to rhetorical and linguistic approaches literary approaches and finally social memory approaches Each study contains not only recent research on the function of scripture in John but also an explanation of the approach taken making the collection an ideal resource for both scholars and students who are interested in the complexities of interpretation in John s context as well as our own **The Prophetic Vision and the Real Jesus** Adrian M. Leske, 2017-10-06 Using the method of intertextuality Adrian Leske has traced the growth of the prophetic vision from Amos to the Exile demonstrating how after the Exile the dominant influence on that vision down to the time of Jesus is the positive and new message of Deutero Isaiah With opposition from the Zadokite priesthood and exploitation from foreign rulers the prophetic and Levite communities find refuge in Upper Galilee and surrounding areas Using the Gospel of Matthew the most Jewish of the Gospels Leske demonstrates how that vision impacted the teaching of Jesus to these communities and how he perceived his mission as the Servant Son of man Understanding this prophetic vision and the Jewish nature of Matthew s Gospel brings new insights to Matthean Christology as well as the authorship and date of that Gospel in relation to the other Gospels *Introduction to the Bible* Stephen J.
