## **The Great South Carolina Ku Klux Klan Trials 1871 187:**

Patriots and Cosmopolitans John Fabian Witt,2009-06-30 Ranging from the founding era to Reconstruction from the making of the modern state to its post New Deal limits John Fabian Witt illuminates the legal and constitutional foundations of American nationhood through the stories of five patriots and critics In their own way each of these individuals came up against the power of American national institutions to shape the directions of legal change     Vale of Tears Edward J. Blum,W. Scott Poole,2005 Vale of Tears New Essays in Religion and Reconstruction offers a window into the exciting work being done by historians social scientists and scholars of religious studies on the epoch of Reconstruction A time of both peril and promise Reconstruction in America became a cauldron of transformation and change This collection argues that religion provided the idiom and symbol as often the very substance of those changes The authors of this collection examine how African Americans and white Southerners New England Abolitionists and former Confederate soldiers Catholics and Protestants on both sides of the Mason Dixon line brought their sense of the sacred into collaboration and conflict Together these essays mark an important new departure in a still contested period of American history Interdisciplinary in scope and content it promises to challenge many of the traditional parameters of Reconstruction historiography The range of contributors to the project including Gaines Foster and Paul Harvey will draw a great deal of attention from Southern historians literary scholars and scholars of American religion     A More Perfect Union Jesse L. Jackson Jr.,2021-11-12 Race from the beginning and more than any other element has shaped America s institutions its economics politics laws social structures and political attitudes Congressman Jackson considers race to be the focal point of America through the language of the economy because the economy is the hearing aid through which Americans hear all political dialogue In this thought provoking work Jackson provides ample documentation and insightful analysis of the inextricable link between race and economics More important Jackson proposes a radical economic strategy and program of new human rights that would build A More Perfect Union for all Americans and put them in a better position to come to grips with this enduring American legacy     Habeas Corpus Amanda L. Tyler,2021 For nearly eight hundred years the writ of habeas corpus has limited the executive in the Anglo American legal tradition from imprisoning citizens and subjects with impunity The writ empowers the judiciary to determine whether an arrest has been made with just cause and where appropriate to award prisoners their freedom For this reason the eighteenth century jurist William Blackstone described the writ of habeas corpus as a bulwark of our liberties and the English Habeas Corpus Act of 1679 as a second Magna Carta Amanda L Tyler traces the history of habeas corpus from its origins in English law to its spread throughout the world and its incorporation in the American constitutional framework giving special attention to its application at various flashpoints in recent history including during World War II and the War on Terror     **Federal Practice and Procedure** Charles Alan Wright,1969     **Klan War** Fergus M. Bordewich,2023-10-10 A NEW YORKER BEST BOOK OF THE YEAR A stunning history of the first national anti terrorist

campaign waged on American soil when Ulysses S Grant wielded the power of the federal government to dismantle the KKK The Ku Klux Klan which celebrated historian Fergus Bordewich defines as the first organized terrorist movement in American history rose from the ashes of the Civil War At its peak in the early 1870s the Klan boasted many tens of thousands of members no small number of them landowners lawmen doctors journalists and churchmen as well as future governors and congressmen And their mission was to obliterate the muscular democratic power of newly emancipated Black Americans and their white allies often by the most horrifying means imaginable To repel the virulent tidal wave of violence President Ulysses S Grant waged a two term battle against both armed Southern enemies of Reconstruction and Northern politicians seduced by visions of postwar conciliation testing the limits of the federal government in determining the extent of states rights In this book Bordewich transports us to the front lines in the hamlets of the former Confederate States and in the marble corridors of Congress reviving an unsung generation of grassroots Black leaders and key figures such as crusading Missouri senator Carl Schurz who sacrificed the rights of Black Americans in the name of political reform and the ruthless former slave trader and Klan leader Nathan Bedford Forrest Klan War is a bold and bracing record of America s past that reveals the bloody Reconstruction era roots of present day battles to protect the ballot box and stamp out resurgent white supremacist ideologies

**The Presidency and the American State** Stephen J. Rockwell,2023-10-12 Although many associate Franklin D Roosevelt with the inauguration of the robust dominant American presidency the roots of his executive leadership style go much deeper Examining the presidencies of John Quincy Adams Ulysses S Grant and William Howard Taft Stephen Rockwell traces emerging connections between presidential action and a robust state over the course of the nineteenth century and the Progressive Era By analyzing these three undervalued presidents savvy deployment of state authority and their use of administrative leadership legislative initiatives direct executive action and public communication Rockwell makes a compelling case that the nineteenth century presidency was significantly more developed and interventionist than previously thought As he shows for a significant number of policy arenas the actions of Adams Grant and Taft touched the lives of millions of Americans and laid the foundations of what would become the American century

**Black Resistance to the Ku Klux Klan in the Wake of the Civil War** Kwando Mbiassi Kinshasa,2006 Focusing on the years of the Reconstruction this volume examines the actions of the Ku Klux Klan between the years of 1865 and 1899 It explores how the organization sponsored and promoted violence against former slaves and how that violence eventually led to the formation of armed defensive units which in some instances engaged in retaliatory action Provided by publisher

*South Carolina Historical Magazine* ,1997 [American Book Publishing Record](#) ,1996 **The Union on Trial** William Barclay Napton,2005 Spanning some fifty four years The Union on Trial is a fascinating look at the journals that William Barclay Napton 1808 1883 an editor Missouri lawyer and state supreme court judge kept from his time as a student at Princeton to his death in Missouri Although a northerner by birth Napton the owner or trustee of forty six slaves viewed American society through a decidedly

proslavery lens Focusing on events between the 1850s and 1870s especially those associated with the Civil War and Reconstruction The Union on Trial contains Napton s political reflections offering thoughtful and important perspectives of an educated northern cum southern rightist on the key issues that turned Missouri toward the South during the Civil War era Although Napton s journals offer provocative insights into the process of southernization on the border their real value lies in their author s often penetrating analysis of the political legal and constitutional revolution that the Civil War generated Yet the most obvious theme that emerges from Napton s journals is the centrality of slavery in Missourians measure of themselves and the nation and ultimately in how border states constructed their southernness out of the tumultuous events of the era Napton s impressions of the constitutional crises surrounding the Civil War and Reconstruction offer essential arguments with which to consider the magnitude of the nation s most transforming conflict The book also provides a revealing look at the often intensely political nature of jurists in nineteenth century America A lengthy introduction contextualizes Napton s life and beliefs assessing his transition from northerner to southerner largely as a product of his political transformation to a proslavery states rights Democrat but also as a result of his marriage into a slaveholding family Napton s tragic Civil War experience was a watershed in his southern evolution a process that mirrored his state s transformation and one that by way of memory and politics ultimately defined both Students and scholars of American history Missouri history and the Civil War will find this volume indispensable reading **America, History and Life** ,1998 Article abstracts and citations of reviews and dissertations covering the United States and Canada **Social Sciences Index** ,1999

**Bibliographic Index** ,1999 *The great South Carolina Ku Klux Klan trials, 1871-1872* Lou Falkner Williams,1991

**Arts & Humanities Citation Index** ,1998 **Current Law Index** ,2000 *Corwin & Peltason's Understanding the Constitution* Edward Samuel Corwin,Jack Walter Peltason,Sue Davis,2000 For over fifty years UNDERSTANDING THE CONSTITUTION has helped students understand and interpret the document that outlines America s fundamental rules and government structures Always current and concise this textbook is an indispensable supplement for courses in Constitutional Law Judicial Process Civil Liberties and Introductory American Government **The American Journey** David R.
