## The Frigate Pallada:

**The Frigate 'Pallada'.** I.A. Goncharov,1949      **The voyage of the frigate "Pallada" [Fregat Pallada, engl.]** Ivan Goncharov, Ed. and transl. by N.W. Wilson Ivan A. Gončarov, N. W. Wilson, 1965      **The Frigate Pallada** Ivan Goncharov, 2023-01-24 In the autumn of 1852 Ivan Goncharov then the renowned author of The Same Old Story was invited by Admiral Putyatin to join him as his secretary on an expedition to the Far East on board the frigate Pallada calling at London and Cape Town before sailing on to Java Singapore Hong Kong Japan Shanghai the Philippines and Korea As the flagship and its small flotilla advanced through the seas and called at various ports Goncharov kept detailed log and diary entries and wrote letters home to friends recounting his experiences material which would later form the basis of a full length account of his voyage Goncharov's pages brim with memorable scenes and unforgettable characters and are suffused with the wit and humour of his most famous novel which the author was gestating at the time so much so that he even considered turning the notes of his journey into The Travels of Oblomov Widely acclaimed long after its publication with Mikhail Bulgakov describing the book as immortal and here presented in a sparkling new translation by Stephen Pearl The Frigate Pallada is further proof of Goncharov's narrative genius      **The Frigate Pallada** Ivan Aleksandrovich Goncharov, 1987-01-01      ,      **The Voyage of the Frigate Pallada** Иван Александрович Гончаров, 1965      **The Voyage of the Frigate Pallada ... Edited and Translated by N.W. Wilson. [With Plates and Maps.]** Ivan Aleksandrovich Goncharov, N. W. WILSON, 1965      **Goncharov in the Twenty-First Century** Ingrid Kleespies, Lyudmila Parts, 2021-11-23 Goncharov in the Twenty First Century brings together a range of international scholars for a reexamination of Ivan Goncharov's life and work through a twenty first century critical lens Contributions to the volume highlight Goncharov's service career the complex and understudied manifestation of Realism in his work the diverse philosophical threads that shape his novels and the often colliding contexts of writer and imperial bureaucrat in the 1858 travel text Frigate Pallada Chapters engage with approaches from post colonial and queer studies theories of genre and the novel desire laughter technology and mobility and travel      **A World of Empires** Edyta M. Bojanowska, 2018-04-16 Through the lens of a classic Russian travelogue this historical study examines early globalization and Russia's participation in the Imperial race In the 1850s American Commodore Matthew Perry embarked on a legendary expedition to open trade relations with Japan Less well known is the Russian expedition that followed on his heels Serving aboard the Russian Frigate Pallada was the novelist Ivan Goncharov who turned his impressions into a bestselling book In A World of Empires Edyta Bojanowska uses Goncharov's travelogue as a window onto mid 19th century global imperialism Goncharov recounts experiences in Africa's Cape Colony Dutch Java Spanish Manila Japan and the British ports of Singapore Hong Kong and Shanghai offering keen insight on imperial expansion cooperation and competition Often overlooked in the history of European imperialism Russia emerges here as an increasingly assertive empire eager to position itself on the world stage and fully conversant with the ideologies of civilizing

mission and race Goncharov's gripping narrative offers a unique eyewitness account of empire in action Bojanowska's illuminating analysis reveals both a zeal to emulate European powers and a determination to define Russia against them A Financial Times Best History Book of the Year **China and Japan in the Russian Imagination, 1685-1922** Susanna Soojung Lim, 2013-03-05 Throughout the centuries as Russia strove to build itself into an imperial power equal to those in the West China and Japan came to occupy a special place in Russians view of the orient Never colonised by Russia or the West China and Japan were linked not only to the greatest of Russian imperial fantasies but also conversely to a deep sense of insecurity regarding Russia's place in the world a sense of insecurity which deepened as China and Japan began to modernise in the later nineteenth century Drawing on a wide range of works by Russian writers and thinkers Lim sets out how Russian perceptions of China and Japan were formed from Muscovy's first contacts with China in the late seventeenth century through to the aftermath of Russia's defeat by Japan in the early twentieth century [The Opening of Japan, 1853-1855](#) William McOmie, 2021-11-15 Sub titled A comparative study of the American British Dutch and Russian naval expeditions to compel the Tokugawa shogunate to conclude treaties and open ports to their ships this highly informed and widely researched study provides for the first time a more complete picture of the competition and cooperation distrust and open hostility of the four protagonists involved in this joint Western enterprise In 1852 the news of the US government's plan to send a large naval expedition to Japan to demand the opening of its ports to American ships excited public interest and elicited differing responses among the European powers For Russia Japan was a neighbouring empire to whose ports it had itself long sought access now its jealousy aroused and its own strategic interests seemingly under threat Russia could not permit the United States to possibly exclude it from Japanese ports In the wake of the Opium war the Dutch king had urged the shogun to peacefully open its ports to the other Western powers now the king and his ministers feared that the US expedition would take an overly aggressive approach that might involve the Netherlands in a war with Japan Having previously opened Chinese ports to the West Britain was occupied there and willing to take a wait and see attitude temporarily conceding a leading role to the United States in Japan France had also previously made approaches to Japan and in case of a successful outcome would not lag far behind in sending its own warships to make arrangements with Japan Thus the stage was set for the race between America and Russia to open Closed Japan and the surrounding seas while the Netherlands worked quietly behind the scenes and Britain and France waited in the wings This volume documents in detail the plans and outcomes of each of the four powers negotiations with Japan lists the clauses of the resulting treaties and offers a comparative analysis of their merits and demerits at the same time it provides a fascinating commentary on the way business was done by the Japanese with each country and its representatives **Russia on the Pacific, and the Siberian Railway** Zenone Volpicelli, 1899 *Catalogue of the Library of the China Branch of the Royal Asiatic Society* Royal Asiatic Society of Great Britain and Ireland.
