The Government Of God Irans Islamic Republic:

The Government of God Cheryl Benard, Zalmay Khalilzad, 1984

The Islamic Republic of Iran Dov Waxman, 1998

The Islamic Republic of Iran Jahangir Amuzegar, 2014-09-25 This title provides an in depth study of Iran's post 1979 Revolution economy under the Islamic Republic with new material and related journal articles combined under one roof in a novel and reader friendly style. The volume starts with an original text summarizing the development of the Iranian economy under five successive administrations in five distinct phases. Following this are fifteen accompanying articles providing detailed information that expands on and complements the discussion in the original material. Appropriate references on specific topics are made to each relevant article ensuring the material is easily accessible to the reader. Topics discussed include public finance, employment, banking, petroleum privatization and the exchange rate. Full references are also made to US and universal economic sanctions and their effects with the legacies of the Khatami and Ahmadinejad administrations also covered. This versatile title is designed to appeal to a vast readership. The hurried business executive or high government official interested in a quick review of the subject matter may simply read the original text while think tank researchers, research fellows and students can take the time to read the supplementary articles and review what is related to the topic of their choosing.

The History of Iran Elton L. Daniel, 2012-01-16 This comprehensive survey of Iran's historical development covers everything from its origins in ancient empires to its status as a modern nation state. Iran is a vast country with a storied ancient past, a great diversity of cultures and ethnicities, and a location in arguably the most unstable area of the world. Iran's history over the last two centuries developing as a modern nation state, freeing itself from foreign domination and asserting its influence in both the region and the world, has been particularly fascinating. This title gives an overview of Iranian history written for a general audience. It is intended to acquaint readers with the important events and personalities that have shaped that long history. In this second edition of *The History of Iran*, the author has thoroughly revised the original content and has added two new chapters, one of which is dedicated to Iran in the 21st century. Particular attention is paid to explaining the forces that led to the revolution of 1979 and the establishment of the Islamic Republic of Iran, as well as the controversies of its domestic and foreign policies.

The Last Shah Ray Takeyh, 2021-01-26 The surprising story of Iran's transformation from America's ally in the Middle East into one of its staunchest adversaries. An original interpretation that puts Iranian actors where they belong at center stage. Michael Doran, *Wall Street Journal*. An extraordinary account. Deeply nuanced and eloquent. Benjamin Weithal, *Jerusalem Post*. Offering a new view of one of America's most important, infamously strained and widely misunderstood relationships of the postwar era, this book tells the history of America and Iran from the time the last shah, Mohammad Reza Pahlavi, was placed on the throne in 1941 to the 1979 revolution that brought the present Islamist government to power. This revolution was not as many believe the popular overthrow of a powerful and ruthless puppet of the United States; rather, it followed decades of corrosion of Iran's political establishment by an autocratic ruler.

who demanded fealty but lacked the personal strength to make hard decisions and ultimately lost the support of every sector of Iranian society Esteemed Middle East scholar Ray Takeyh provides new interpretations of many key events including the 1953 coup against Prime Minister Mohammad Mossadeq and the rise of Ayatollah Ruhollah Khomeini significantly revising our understanding of America and Iran's complex and difficult history

The Founding of Modern States

Richard Franklin Bensel,2022-11-03 This book examines the rise of the modern state through six case studies of state formation in England the United States France the Soviet Union Nazi Germany and the Islamic Republic of Iran The book summarizes key events in modern history and offers theories about the creation of modern states

Poltiical Change in the Third World

Charles F. Andrain,2010-11-26 In this informative and highly readable book first published in 1988 Charles Andrain explores the ways in which public policies and socio political beliefs and structures cause political change in the Third World The author examines 3 types of political change 1 transitions in political leaders and their policies 2 fundamental transformations in political structures policy priorities and political strategies for dealing with policy issues and 3 the impact of economic education and health care policies on the society itself including changes in unemployment inflation economic growth literacy and birth and death rates In the first part of the book Professor Andrain presents a general overview of political change in the Third World explaining how different models of political systems explain the dynamics of political events in Latin America Asia Africa and the Middle East In the second part of the book he then applies these models to specific changes in five developing nations Vietnam Cuba Chile Nigeria and Iran The book is unique in its careful blending of a policy focus with a structural analysis of nation states domestic social groups and international institutions in the often turbulent regions of the developing world It thus provides a very useful systematic approach to political developments in the Third World that will be welcomed by students faculty and general readers

Imām Rūhullāh Khumainī, Šāh Muḥammad Rizā Pahlavī and the Religious Traditions of Iran

The Iranian Revolution and the Islamic

Gudmar Aneer,1985

Republic Woodrow Wilson International Center for Scholars,Middle East Institute (Washington, D.C.),1982 Islamic Iran
Asaf Hussain,1985 Islam in Contact with Rival Civilizations Jaroslav Krejčí,1998 **Political Science Quarterly** ,1995
Vols 4 38 40 41 include Record of political events Oct 1 1888 Dec 31 1925 issued as a separately paged supplement to no 3 of
v 31 38 and to no 1 of v 40 *Iran* Mohammad Amjad,1989-12-08 This splendid book offers an insight into why Iran once
assumed to have one of the most stable governments in the Middle East crumbled so rapidly in 1979 Amjad s study attempts
to answer that question by investigating the socioeconomic and political factors that led to the Iranian Revolution and to the
transformation of the Iranian state from a royal dictatorship into a theocracy The author concludes that a combination of
factors such as economic mismanagement failure of agriculture inflation decline in oil revenues and political repression
provided favorable conditions for the opposition to organize its forces against the Shah Thereafter within a few months after
the overthrow of the monarchy the religious hierarchy with the support of the traditional bourgeoisie and petit bourgeoisie
was able to eliminate the liberal bourgeoisie and create a theocracy in Iran Written in an easy flowing narrative style this
book is finely produced and makes a valuable contribution for those interested in Iranian studies Includes a useful glossary
an index and an up to date bibliography Choice The unforeseen Iranian revolution stunned not only the Shah but also
observers around the globe This element of the unexpected was based as Amjad argues on misconceptions concerning both
the Shah s power and the apparent weakness and fragmentation of the opposition This comprehensive volume provides
thorough historical perspectives on the socioeconomic and political factors that precipitated the revolution and transformed
the Iranian state from a royal dictatorship into a theocracy Amjad analyzes the nature of the Iranian state in both pre and
post revolutionary periods looks at the kinds of changes in Iran during its transition to capitalism and explains the rationale
behind the important part played by Islam in the revolution Particular attention is paid to the Shah s role in alienating the
populace at all levels of society and to how Shi ite Islam s militant mullahs were able in the absence of a nationwide political
organization to lead the revolution organization to lead the revolution Iran s populist ideology and its priorities of creating a
welfare state to provide social welfare for the poor and forming an alliance between the upper and lower classes is
exhaustively detailed here Discussions of theories of state class revolution economic development and also the impact of
Islam in Iranian society and culture comprise the first three chapters Socioeconomic development class formation and the
transformation of the Iranian state from 1941 to 1977 form the basis for chapters four through six Chapters seven and eight
consider the effect of domestic and international social factors on the revolution and describe how a royal dictatorship was
transfomred into a theocracy This distinguished volume will prove invaluable for courses in comparative politics international
relations the history of the modern Middle East the history of modern Iran and Islam and its revolution **Foreign Service**
