The Government Of Victoria:

The Government of Victoria Marjorie Jean Holmes, 1976 **The Government of Victoria (Australia)** Edward Jenks, 1891 *Australian Local Government* Brian Dollery, Neil Marshall, 1997 The last few years have seen unprecedented change taking place in the Australian local government arena In all states the functions and responsibilities of local authorities have been subjected to extensive reform New legislation has redefined the role of councillors Local governments have been required to introduce more efficient and effective management practices and become more open and responsive to their constituencies The scope of traditional regulatory practices has been altered and councils forced to develop a competitive environment for the provision of services The place of local authorities in the intergovernmental landscape has also changed Different forms of interaction between Commonwealth state and local government are evolving along with the emergence of new funding strategies to encourage a regional focus This is the first book to offer a detailed discussion of the reforms that have taken place and at the same time provide an informative and readable analysis for practitioners and students of government politics and public sector management

The Government of Victoria (Australia) Edward Jenks, 2015-06-15 Excerpt from *The Government of Victoria Australia* I shall best explain the purpose of this work by a few lines of autobiography In May 1889 I was appointed to the Chair of Law in Melbourne University as successor to the late Dr W E Hearn so favourably known not only in Australia but also in England and America as the author of *The Aryan Household* The Government of England and other works Immediately upon my arrival in Melbourne I found it incumbent upon me in order to fulfil the engagements made by the Faculty of law to lecture upon a subject called *The Public Law of Victoria* of which I had not at that time any special knowledge In ordinary circumstances it would have been a sufficiently severe task to lecture to a large and critical audience upon a topic which I had not thoroughly studied But in this case the hardship was intensified by the fact that I could find no text book which would give me even an outline idea of the subject The only authorities prescribed by the Faculty were the Acts of Parliament for the time being in force in Victoria on various branches of it The inadequacy of such a provision for the teaching of Public Law in a country like Victoria must be manifest In Victoria as in England much of that which is most important in sound constitutional knowledge is never embodied in statutes at all Judicial decisions diplomatic correspondence resolutions of the Houses of Parliament political tradition and practice generally form essential items in the list of the sources of public law About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **Victorian**
