The Great Christian Revolution:

The Great Christian Revolution Mark R. Rushdoony,R. J. Rushdoony,Otto Scott,John Lofton Jr.,2009-11-18 A major work on the impact of Reformed thinking on our civilization Some of the studies historical and theological break new ground and provide perspectives previously unknown or neglected Is the LORD s hand waxed short Many Christians today believe it has Whenever the church sounds a trumpet this uncertain for the King of Kings civil rulers have drawn the same conclusion and acted upon it This volume documents the critical relationship between faulty theologies and the nations staked their destiny on the myths so engendered Like the prodigal son modern Christianity is hunger bitten consuming mere husks worshipping the semi mighty god of Arminianism When God s people return to the Almighty God of Scripture the trampling underfoot of Satan will be inevitable The Great Christian Revolution Otto Scott,1994

The Great Christian Revolution Otto Scott,1994-09-01 **Great Christian Jurists in the Low Countries** Wim Decock,Janwillem

Oosterhuis,2021-10-07 What impact has Christianity had on law and policies in the Lowlands from the eleventh century through the end of the twentieth century Taking the gradual secularization of European legal culture as a framework this volume explores the lives and times of twenty legal scholars and professionals to study the historical impact of the Christian faith on legal and political life in the Low Countries The process whereby Christian belief systems gradually lost their impact on the regulation of secular affairs passed through several stages not in the least the Protestant Reformation which led to the separation of the Low Countries in a Protestant North and a Catholic South in the first place The contributions take up general issues such as the relationship between justice and mercy Christianity and politics as well as more technical topics of state church law criminal law and social policy *Christian America and the Kingdom of God* Richard T. Hughes,2010-10-01

The idea of the United States as a Christian nation is a powerful seductive and potentially destructive theme in American life culture and politics And yet as Richard T Hughes reveals in this powerful book the biblical vision of the kingdom of God stands at odds with the values and actions of an American empire that sanctions war instead of peace promotes dominance and oppression instead of reconciliation and exalts wealth and power instead of justice for the poor and needy With extensive analysis of both Christian scripture and American history from the founding of the republic to the present day Christian America and the Kingdom of God illuminates the devastating irony of a Christian America that so often behaves in unchristian ways *Great Christian Jurists in French History* Olivier Descamps,Rafael Domingo,2019-05-16 French legal culture from the Middle Ages to the present day has had an impressive influence on legal norms and institutions that have emerged in Europe and the Americas as well as in Asian and African countries This volume examines the lives of twenty seven key legal thinkers in French history with a focus on how their Christian faith and ideals were a factor in framing the evolution of French jurisprudence Professors Olivier Descamps and Rafael Domingo bring together this diverse group of distinguished legal scholars and historians to provide a unique comparative study of law and religion that will be of value to

scholars lawyers and students The collaboration among French and non French scholars and the diversity of international and methodological perspectives gives this volume its own unique character and value to add to this fascinating series
