Picnic Crumbs Anabel Loyd, 2014-01-01 A collection of stories from all sorts of people over several centuries

Great Disasters in Australian History Jonathan King, 2013 From cyclones to sinking ships from mine explosions to train crashes faulty planes and bridge collapses from the shooting in Port Arthur to the Bali bombing from floods in the north to bushfires in the south Australia has not been immune to the fickle finger of fate No one expects cataclysmic events but when disaster strikes life changes in an instant priorities shift and often life is reduced to blood bone and memory Historian Jonathan King has meticulously recounted the anatomy of twenty three Australian disasters showing us the events and conditions that conspired to their happening More importantly he draws out the stories of those Australians whose lives were irrevocably changed and myriad stories of heroism and bravery Many of the disasters in this book were caused by human error or negligence Dreadful as they are most have led to constructive outcomes such as tighter gun controls in Australia in the aftermath of the Port Arthur shooting stricter regulations for air sea and rail transportation and safer conditions for all workers Humane and moving Great Disasters in Australian History brings forth the everyday dimensions of a disaster to allow us to understand and empathise with the victims and survivors The book is a small step to helping us remember how much things have changed and how much we must remain vigilant so that we are not condemned to repeat past mistakes

Making a Difference Irwin Deutscher, 2018-01-16 Emphasis on measurement techniques can interfere with understanding how well particular social programs in their field work In *Making a Difference The Practice of Sociology* Irwin Deutscher links traditional sociological concerns with applied sociology in an effort to overcome this problem He contributes to the debate over the extent to which health educational and social programs initiated by the Roosevelt Kennedy and Johnson administrations have been successful in intimate human terms Deutscher believes that the introduction of a sociological perspective can provide a positive element to interdisciplinary pursuits This belief as well as his fresh perspectives on both the strengths and limitations inherent in applied sociology offer the field a revitalising lift As such this highly informative thought provoking volume will be of interest to sociologists and policy makers in health education crime welfare and housing
