The Great School Debate:

The Great School Debate Thomas L. Good, Jennifer S. Braden, 2014-04-08 This book examines reform in American education over the past fifty years and against this backdrop presents a compelling analysis of why contemporary voucher plans and charter schools have yet to fulfill the expectations of their advocates. It is the only book to date to attempt a comprehensive synthesis and analysis of the emerging research base on vouchers and charter schools. Suitable for courses in school policy, school reform, school leadership or educational issues, it will also be of interest to anyone parents, teachers, policymakers directly involved with the charter school movement. Key features of this timely new book include the following: A Historical Perspective. The early chapters look at American educational reform over the past fifty years and analyze why these efforts have fallen short of their goals. Student Achievement Chapter 3 provides an insightful assessment of American students' school achievement from 1970 to the present and in the process counters the widely held myth that overall student achievement has deteriorated. Voucher Plans and Charter Schools Chapter 4 looks specifically at choice and vouchers in American education while chapters 5-7 provide a comprehensive and balanced examination of the charter school movement. Policy Recommendations The book concludes with explicit policy suggestions that attempt to balance the educational needs of children and youth against the rights of schools to experiment. Suggestions for developing broader coalitions to support public education particularly in the inner cities are also offered.

The Great School Debate Good/Braden, **The Great School Debate** Beatrice Gross, Ronald Gross, 1985 The editors of Radical School Reform offers a timely overview of the status of and controversies issues and trends in American educational systems

Every School a Good School Ng Ziqin, When the eccentric new education minister unveils a radical local exchange programme called INSTEP two Secondary Three girls find themselves uprooted from their lives and transplanted into unfamiliar new surroundings. Rowena a mediocre student at one of Singapore's top girls' schools and Janice the overachieving pride of a heartland institution must each find a way to survive one term at the other's school. But just when they think they have it all figured out a rash of misfortune threatens to shut INSTEP down. How will the girls fare? Will INSTEP survive past its pilot phase? Can the girls save the day?
