The Greatest Marian Titles Anthony M. Buono, 2007-09 This detailed examination of 24 of Mary's official titles will help the reader to encounter our heavenly Mother in a variety of ways

Mary and the Liturgical Year Katharine E. Harmon, 2023-10-10 In Mary and the Liturgy Year A Pastoral Resource liturgical scholar and professor Katharine E Harmon offers an engaging survey of Mary's role in the Church's liturgical prayer from the first days of the early Church to our own day. In this unique resource pastoral ministers, theology students, and persons seeking to reflect on Mary as a source of wisdom and faith will discover the riches of Marian theology as Harmon examines the twelve prominent Marian solemnities feasts and memorials celebrated throughout the liturgical year. Looking closely at these liturgical days the reader will come to understand how Mary always leads us to a deeper and more intimate relationship with her son Jesus

Hymns and Hymnody: Historical and Theological Introductions, Volume 1 Mark A. Lampert, Benjamin K. Forrest, Vernon M. Whaley, 2019-02-21 Hymns and the music the church sings are tangible means of expressing worship. And while worship is one of if not the central functions of the church along with mission service education justice and compassion and occupies a prime focus of our churches a renewed sense of awareness to our theological presuppositions and cultural cues must be maintained to ensure a proper focus in worship. Hymns and Hymnody Historical and Theological Introductions is a 60 chapter three volume introductory textbook describing the most influential hymnists, liturgists, and musical movements of the church. This academically grounded resource evaluates both the historical and theological perspectives of the major hymnists and composers that have impacted the church over the course of twenty centuries. Volume 1 explores the early church and concludes with the Renaissance era hymnists. Volume 2 begins with the Reformation and extends to the eighteenth century hymnists and liturgists. Volume 3 engages nineteenth century hymnists to the contemporary movements of the twenty-first century. Each chapter contains these five elements: historical background, theological perspectives communicated in their hymns, compositions, contribution to liturgy and worship, notable hymns, and bibliography. The mission of Hymns and Hymnody is 1 to provide biographical data on influential hymn writers for students and interested laypeople and 2 to provide a theological analysis of what these composers have communicated in the theology of their hymns. We believe it is vital for those involved in leading the worship of the church to recognize that what they communicate is in fact theology. This latter aspect we contend is missing yet important in accessible formats for the current literature

Sing of Mary Stephanie Budwey, 2014-11-14 Throughout the history of Christianity Mary has been a beacon of hope to many who look to her. While Christians have always prayed to Mary they have also sung to her in times of joy and sorrow. Sing of Mary analyzes Marian hymnody throughout Christianity and particularly in the Roman Catholic Church in the United States from 1854 to today.

focusing not only on the texts and music but also on the contexts out of which these hymns came. By using a holistic methodology drawing from anthropology, history, liturgy, musicology, psychology, sociology, and theology, this study takes an interdisciplinary approach toward studying Marian theology and devotion through the lens of hymnody. This volume, accessible to both laypeople and academics, provides readers with a clear and full understanding of Marian hymnody by looking at many examples throughout the history of Christianity up through the present, thus shedding light on the history of Marian devotion and theology. The work concludes by providing hope for the future of Marian congregational song, particularly by exploring how the Magnificat can help Marian congregational song be meaningful to a wide range of Christians.

Finding the Virgin Mary Judith M. Davis, 2024-12-15 Stories about the Virgin Mary began to appear in the second century, a spring of tradition that branched off from the mainstream teaching of the canonical gospels. This developed into a torrent of texts about Mary, her relationship with God, and her motherhood. This book translates and interprets such stories about Mary from the beginnings of Christianity to modern times. The narrative or story theology of these works shows her to be a partner with her son Jesus in the work of salvation. Early stories depict Mary as chosen from childhood and she is shown at the Last Supper with other women. Medieval tales recount the miracles she works to cure both physical and moral failings. Stories of her appearances Our Lady of Guadalupe, Mexico; Our Lady of Lourdes, France; and Our Lady of Fatima, Portugal have been told and retold across the centuries. Today Mary is still seen as an icon of women's agency, celebrated in song, film, and art of every kind. This book uncovers her history and reveals her power through the life and message of this woman of faith.
