The Greeks In The United States:

THE GREEKS IN THE UNITED STATES Theodore Saloutos,1964 **Modern Greece and the Diaspora Greeks in the United States** George Kaloudis,2018-02-20 This book examines the history and politics of modern Greece from the early nineteenth century to the present and the presence of diaspora Greeks in the United States during the same approximate period It considers not only the main periods of modern Greek diaspora but also surveys the main historical and political events in modern Greek history Furthermore this book examines the relationship between Greeks in Greece and Greeks in the United States and how this relationship affected developments in Greece and beyond the confines of Greece *The United States and Greek-Turkish Relations* Spyros Katsoulas,2021-12-30 This book examines the role of the United States in Greek Turkish relations and fills an important gap in alliance theory regarding the guardian s dilemma The strategy of a great power involves not only tackling threats from enemies but also dealing with problems that arise between allies Every time Greece and Turkey threatened to go to war against each other the United States had to effectively restrain its two strategic allies without straining relations with either one of them This book explores how the United States responded to the guardian s dilemma in six crises during the Cold War pursuing a policy of dual restraint to prevent an intra alliance conflict mitigate the consequences of each crisis and maintain effective control of the Rimland Bridge From a neoclassical realist standpoint the book examines how the United States responded to each Greek Turkish crisis for what reasons and with what results It will be of interest to scholars of foreign policy security studies geopolitics and international relations
