## **Sociolinguistics R A Hudson:**

**Sociolinguistics** Richard A. Hudson, 1996-06-13 New edition of widely acclaimed textbook including new sections on up to date topics for the 1990s     *Sociolinguistics* Hudson, 2004-07-01 This new edition of Richard Hudson's widely acclaimed textbook *Sociolinguistics* will be welcomed by students and teachers alike. To reflect changes in the field since publication of the first edition in 1980 the author has added new sections on politeness accommodation and prototypes and he has expanded discussion of sex differences culture and general theory. There remains coverage of classic topics such as varieties of language speech as social interaction the quantitative study of speech and linguistic and social inequality. Like the first the second edition of *Sociolinguistics* is an exceptionally clear and helpful overview of the relationship of language and society.

**Introducing Sociolinguistics** Rajend Mesthrie, 2009-05-29 *Sociolinguistics* is one of the central branches of modern linguistics and deals with the place of language in human societies. This second edition of *Introducing Sociolinguistics* expertly synthesises the main approaches to the subject. The book covers areas such as multilingualism code choice language variation dialectology interactional studies gender language contact language and inequality and language and power. At the same time it provides an integrated perspective on these themes by examining sociological theories of human interaction. In this regard power and inequality are particularly significant. The book also contains two chapters on the applications of sociolinguistics in education and in language policy and planning and a concluding chapter on the sociolinguistics of sign language. New topics covered include speaking style and stylisation while

current debates in areas like creolisation globalisation and language death language planning and gender are reflected Written collaboratively by teachers and scholars with first hand experience of sociolinguistic developments on four continents this book provides the broadest introduction currently available to the central topics in sociolinguistics Features Provides a solid foundation in all aspects of sociolinguistics and explores important themes such as power and inequality sign language gender and the internet Well illustrated with maps diagrams inset boxes drawings and cartoons Accessibly written with the beginner in mind Uses numerous examples from multilingual settings Explains basic concepts supported by a glossary Further Reading lists a full bibliography and a section on next steps provide valuable guidance *Diglossia and Other Topics in New Testament Linguistics* Stanley E. Porter,2000-06-01 The first part of this volume includes a summary of this important area of study in both Septuagintal and New Testament Greek and a review of these issues in the context of linguistic research generally A second part includes contributions on aspects of research into the Greek of both Testaments featuring both new areas of research such as critical discourse analysis and more traditional issues such as the nature of the Septuagint translation **Die Apostelgeschichte und die hellenistische Geschichtsschreibung** Cilliers
