The Forgotten Spurgeon:

The Forgotten Spurgeon Iain H. Murray, 1973 An incisive historical and theological insight into the great 19th century Baptist with emphasis on the doctrines that moulded his life and thought The Forgotten Spurgeon Iain Hamish Murray, 1966

Making Evangelical History Andrew Atherstone, David Ceri Jones, 2019-04-08 This volume makes a significant contribution to the history of ecclesiastical histories with a fresh analysis of historians of evangelicalism from the eighteenth century to the present. It explores the ways in which their scholarly methods and theological agendas shaped their writings. Each chapter presents a case study in evangelical historiography. Some of the historians and biographers examined here were ministers and missionaries while others were university scholars. They are drawn from Anglican, Baptist, Congregationalist, Methodist, Presbyterian, Fundamentalist and Pentecostal denominations. Their histories cover not only transatlantic evangelicalism but also the spread of the movement across China, Africa and indeed the whole globe. Some wrote for a popular Christian readership emphasising edification and evangelical hagiography; others have produced weighty monographs for the academy. These case studies shed light on the way the discipline has developed and also the heated controversies over whether one approach to evangelical history is more legitimate than the rest. As a result this book will be of considerable interest to historians of religion. *Reformed Evangelicalism and the Search for a Usable Past* Ian Hugh Clary, 2020-09-07 The question of how theology shapes a Christian historian's reading of the past has been debated thoroughly in various academic periodicals. Should historians recognise the role of providence in their accounts of past events? Should they sympathise with their subject's theology? Can objectivity be lost due to theological bias? And last but not least is there a compromise of faith if one writes natural instead of supernatural history? Such questions are important for understanding the historian's profession. Arnold Dallimore, who trained and specialised in pastoral ministry in Canada, wrote an influential biography of the revivalist George Whitefield as well as others on Charles and Susanna Wesley, Edward Irving and Charles Spurgeon. How did his Reformed theological perspective impact his historiography? How does his work fit into larger historiographical debates concerning the nature of Christian history? While other books look at Christian historiography using abstract and methodological approaches, this book examines the subject precisely by looking at the life and work of an individual historian. It does so by placing Dallimore in the context of being a minister in twentieth century Canada as well as his role in the development of Reformed Theology in the Anglosphere. It also examines the quality of his various biographies, focusing on key issues such as the nature of religious revival, the problem of Christianity and slavery, and the question of charismatic religious experience. His study concludes by examining the relationship between the discipline and profession of church history and asking what is required for one to be considered a church historian. The Making of a Maverick Missionary Fiedler, Klaus, 2016-06-13 All Malawians know their national hero the Rev John Chilembwe who in 1915 protested against colonialism with an armed uprising. To understand him it is necessary to understand Joseph Booth who

baptized him and took him to America in 1897 to study for the Baptist ministry There in America Booth published his Africa for the African to the intense dislike of the colonial administration Booth was an Evangelical missionary but a maverick among them This book explores what made him the odd man out among his fellow missionaries by tracing his and his family s life in Auckland and Melbourne arguing that his political involvement must be understood from his specific Baptist

background The Booming Baritone Bell of England E. G. Romine,2023-06-15 When the Prince of Preachers steps into the open air the result will change his ministry forever Using Charles Spurgeon s own words as well as contemporary accounts E G Romine digs deep into the legendary pastor s unexamined legacy of open air preaching In The Booming Baritone Bell of England Romine argues that Spurgeon s open air preaching was a profound influence not only on his audience but on Spurgeon himself A thorough and thoughtful exploration of a neglected area of Spurgeon s ministry Romine s exhaustively researched book will appeal to casual readers and scholars alike Pathways and Patterns in History Peter J.

Is the Bible a trustworthy document or is it filled with errors and contradictions as claimed by the skeptics In Our Greatest Treasure we examine the evidence Less than two centuries ago many scholars argued convincingly that the Hittites never existed even though they are mentioned in the Bible more than fifty times The unearthing of their massive library in Turkey has revealed an advanced civilization that once rivalled both Egypt and Assyria Not many years ago Ahab s house of ivory was considered impossible but not now His wife Jezebel was dismissed as a fictional character inserted into the text to arouse interest but the recent discovery of her signet ring with her name clearly discernible has silenced the critics At one time historians were convinced that Gallio in Acts 18 never existed but the spade of the archaeologists has uncovered his name his position as Proconsul of Achaia and even the time of his service in Corinth Men and women from both distant times and the

present have had their lives transformed by the message of the Bible Many of the people places and events found in the Bible are found in no other literature and their details have been documented as being authentic by historical and archaeological research The Bible is not buried treasure It is open to all who will access its sacred pages The Bible is indeed Our Greatest Treasure The British Library General Catalogue of Printed Books to 1975 British Library,1985 **Theologians of the**
