The Grab Dancer:

Dancing Marguerite Wilson, 1899 *Butoh, as Heard by a Dancer* Dominique Savitri Bonarjee, 2023-10-31 This book explores the origins of Butoh in post war Japan through orality and transmission in conjunction with an embodied research approach The book is a gathering of seminal artistic voices Yoshito Ohno Natsu Nakajima Yukio Waguri Moe Yamamoto Masaki Iwana Ko Murobushi Yukio Suzuki Takao Kawaguchi Yuko Kaseki and the philosopher Kuniichi Uno These conversations happened during an extended research trip I made to Japan to understand the context and circumstances that engendered Butoh Alongside these exchanges are my reflections on Butoh s complex history These are primarily informed by my pedagogical and performance encounters with the artists I met during this time rather than a theoretical analysis Through the words of these dancers I investigate Butoh s tendency to evade categorization Butoh s artistic legacy of bodily rebellion plurality of authorship and fluidity of form seems prescient and feels more relevant in contemporary times than ever before This book is intended as a practitioner s guide for dancers artists students and scholars with an interest in non Western dance and dance history postmodern performance and Japanese arts and culture *Rilke* Charlie Louth, 2020-06-19 The life of Rilke s work is in its words and this book attends closely to the development of that life as it unfolds over Rilke s career What is a poem and how does it act upon us when we read This is a question of the greatest interest to Rilke who addresses it in several poems and for whom the experience of reading affords an interaction with the world a recalibration of our ways of attending to it which set it apart from other kinds of experience Rilke s work is often approached in periods he is the author of the *Neue Gedichte* or of *Malte* or of the *Duino Elegies* or of the *Sonette an Orpheus* as if the different phases of his work had little to do with one another but in fact it is a concentrated and evolving exploration of the possibilities of poetic language a working of the life of words into precise and exacting forms in dialogue with the texture of the world This book traces that trajectory in a series of close readings that do not neglect the lesser known uncollected poems and the poems in French as well as Rilke s activity as a translator of Michelangelo Shakespeare Barrett Browning Mallarm and Val ry among many others These encounters were part of Rilke s engagement with the world his way of extending the reach of his language to get it ever closer to the ungraspable movements the risk and promise of life itself One of his best known poems ends with the words You must change your life an injunction that can be seen to animate the whole of his work **The different facets of dancing in "Dance Like a Man" by Mahesh Dattani** Ankur Konar, 2018-02-27 Essay from the year 2018 in the subject Didactics for the subject English Literature Works University of Burdwan language English abstract Dattani s drama *Dance Like a Man* first staged in 1989 dramatizes dance with its many implicit implications dance as profession dance as pain dance as suffering dance as shelter dance as ego formation dance as rhythm of life dance as passion dance as mission dance as vision and finally dance as strong maker of gender identity in addition it is a reflector of the cultural location of India more precisely culturally rich Indianness The play can be read as a configuration of the

characteristic grip of human identity that strongly interfaces the elements of identical autonomy and autonomous identity
