The Great Equalizer:

The Great Architect G. Chaplin Child, 1871 *The Gift of Disillusionment* Peter Greer, Chris Horst, 2022-04-12 Hope for Leaders Facing Burnout and Discouragement Around the world discouragement erodes the vitality of organizations Visionaries often succumb to cynicism Zealous advocates give up Leaders coast as their passion for the cause grows cold Grounded in research this book is an invitation for followers of Jesus to sustain hope in long term service It s about moving past the false hope of idealism and the faint hope of disillusionment to discover true Christian hope You will gain encouragement through the study of the book of Jeremiah woven throughout as the authors explore how the Lord prophetically met and sustained Jeremiah during his lifetime of faithfulness despite literally nothing going as he d hoped Glean further inspiration by reading the stories of Christian leaders from around the globe Zimbabwe Haiti Guatemala Poland Palestine the Philippines India Zambia and Lebanon For this is a moment when we need the global Church s perspective and influence Don t give up and don t check out These are confounding and perilous days yet God s sustaining presence can bring joy hope and encouragement even amid heartache and disappointment Public Education David C. Berliner, Carl Hermanns, 2022 Twenty eight eminent essayists remind our nations parents educators school board members and politicians that our democracy is in jeopardy and that our nation s system of free universal public education is also under attack If that attack succeeds American democracy itself would be further imperiled That is because American democracy rests on a belief that the power of our government comes from the people and the diffusion of knowledge and the enlightenment of the people has been a cornerstone of our democracy since the founding of our republic America s public schools therefore have a special mandate **Schools and Society** Jeanne H. Ballantine, Joan Z. Spade, 2008 Presents the most recent theories research terms concepts ideas and histories on educational leadership and school administration as taught in preparation programs and practiced in schools and colleges today **A legend of the grand Gordons. Edited by Mrs. Alexander Ross** afterwards ROSS BROOK (Ellen Edith Alice), 1873 **364 Days of Devotion** Andrew C Schroer, 2021-01-01 Following his best selling devotion book 364 Days of Thanksgiving Pastor Andrew Schroer uses ordinary people places and things to point out God s wonderful gifts to you When you think of the many ways God has blessed you do you think of the things that happened to you today Sometimes it s easy to miss God s blessings even when they re right in front of you Take a step back and enjoy the bigger picture with 364 Days of Devotion This interactive daily devotional is packed full with engaging anecdotes and relatable life scenarios that point you to what God reveals about himself in the Bible Over the course of a year you ll be able to notice God s love for you even on the dreariest of days Plus space is included at the bottom of each short devotion so that you can write down your journey of gratitude **The Poverty and Education Reader** Paul C. Gorski, Julie Landsman, 2023-07-03 Through a rich mix of essays memoirs and poetry the contributors to The Poverty and Education Reader bring to the fore the schooling experiences of poor and working class students highlighting the

resiliency creativity and educational aspirations of low income families They showcase proven strategies that imaginative teachers and schools have adopted for closing the opportunity gap demonstrating how they have succeeded by working in partnership with low income families and despite growing class sizes the imposition of rote pedagogical models and teach to the test mandates The contributors teachers students parents educational activists and scholars repudiate the prevalent but too rarely discussed deficit views of students and families in poverty Rather than focusing on how to fix poor and working class youth they challenge us to acknowledge the ways these youth and their families are disenfranchised by educational policies and practices that deny them the opportunities enjoyed by their wealthier peers Just as importantly they offer effective school and classroom strategies to mitigate the effects of educational inequality on students in poverty Rejecting the simplistic notion that a single program policy or pedagogy can undo social or educational inequalities this Reader inspires and equips educators to challenge the disparities to which underserved communities are subjected It is a positive resource for students of education and for teachers principals social workers community organizers and policy makers who want to make the promise of educational equality a reality
