

The Great Protector

William Cathcart

The Great Protector:

Great Satan's rage Scott Wilson, 2016-05-16 Newly available in paperback this book looks at how rap and metal have been highly engaged with America's role in the world supercapitalism and their own role within it. This has especially been the case when genres hitherto clearly identified as indelibly black or white forms of music have crossed over as an effect of cross-racial forms of identification and desire, marketing strategy, political engagement, opportunism and experimentation. It is how examples of these forms have negotiated, contested, raged against, survived, exploited, simulated and performed Satan's rage that is the subject of this book. The book offers a highly original approach in relating rap metal to critical theories of economy and culture, introducing a new method of cultural analysis based on theories of negativity and expenditure that will be of great interest to students in media and cultural studies, American studies, critical and cultural theory, advertising and marketing and sociology and politics. The Crystal Religion and Liberal Socialism Rémi Richer, 2022-01-25 It has become common to talk about the New World or the New Age. But what is it really about? What can this New Age consist of? This book is the first stone in the vast edifice that will constitute the New Age, proposing two fundamental structures to any new civilization: its religion and its economic paradigm. *Adventures of the Mad Monk Ji Gong* Guo Xiaoting, 2014-08-26 Follow the brilliant and hilarious adventures of the Zen Buddhist monk who became one of China's greatest folk heroes. During the Song Dynasty (960-1279) Ji Gong studied at the renowned Ling Yin monastery nestled in the steep hills above Hangzhou. The Chan Zen Buddhist masters of the temple tried to instruct Ji Gong in the spartan practices of their sect, but the young monk, following in the footsteps of other great ne'er-do-wells, distinguished himself mainly by getting expelled. He left the monastery became a wanderer with hardly a proper piece of clothing to wear and achieved significant renown in seedy wine shops and drinking establishments. That could have been where Ji Gong's story ended. But his unorthodox style of Buddhism soon made him a hero for storytellers of his era. Audiences delighted in tales where the mad old monk ignored or even mocked authority, defied common sense and never neglected the wine yet still managed to save the day. Ji Gong remains popular in China even today where he regularly appears as the wise drunkard in movies and TV shows. In these 89 stories you'll read about Ji Gong's rogue's knack for exposing the corrupt and criminal while still pursuing the twin delights of enlightenment and intoxication. This literary classic of a traveling martial arts master will entertain readers of all ages. *Marvel Studios The Marvel Cinematic Universe: An Official Timeline* Anthony Breznican, Amy Ratcliffe, Rebecca Theodore-Vachon, 2023-10-26 Become a master of the Marvel Cinematic Universe.
