

# The Green Years

**Marcel A. Müller**

## **The Green Years:**

Teachers Time Management for the Digital and Green Age Fabrice Serodes,2025-09-08 This timely and essential study examines how the twin transitions of digitalisation and ecological responsibility are reshaping the foundations of contemporary education The book explores the systemic shifts in school organisation professional roles and working conditions positioning itself at the intersection of educational management sustainability and technological change It identifies persistent structural barriers that have been a hindrance to the implementation in recent years ranging from inadequate infrastructure to institutional resistance It also highlights innovative practices that have emerged through cross disciplinary collaboration and pedagogical experimentation Furthermore it offers solutions that will help overcome the obstacles Drawing on extensive empirical research and actual case studies it captures the pressures placed on educators particularly during crises and the potential for renewal A central focus lies in rethinking time use task coordination and teacher well being advocating for adaptive strategies and institutional support In alignment with the European Union s strategic agenda the book calls for an education system that is not only future ready but also equitable humane and resilient

LIFE ,1946-04-15 LIFE Magazine is the treasured photographic magazine that chronicled the 20th Century It now lives on at LIFE com the largest most amazing collection of professional photography on the internet Users can browse search and view photos of today s people and events They have free access to share print and post images for personal use      **Balance**

**Screen Time With Green Time** Emily Morgan,2023-12-07 Harness the power of nature to nurture minds and hearts Youth spend anywhere between four and nine hours on screens every single day Meanwhile a growing body of research shows how detrimental excessive screen time is on physical and mental health The antidote Green time Written by bestselling author and science educator Emily Morgan Balance Screen Time With Green Time gives teachers and school leaders practical evidence based strategies that seamlessly incorporate the restorative power of nature into the school day Transform learning experiences and improve student and educator well being with Research based strategies that improve attention engagement pro environmental behaviors and mental and physical health while reducing stress Dozens of easy to implement green breaks short invigorating experiences with nature that help students and teachers renew and refocus throughout the school day Stories of innovative educators who connect students with nature and offer meaningful ways to integrate green time while enhancing learning A curated collection of resources to support educators of all grade levels content areas and school environments urban suburban and rural With green time we have an opportunity to create a generation of students who are not only more connected to the natural world but are also the environmental stewards our future so desperately needs Balancing screen time with green time is an investment in student well being our collective future and a healthier planet
