# The Good Neighbor Policy

**Martin L. Fausold**

## **The Good Neighbor Policy:**

**New Perspectives on the Good Neighbor Policy** Ana Maria Mauad, Alexandre Busko Valim, 2023-11-15 The Second World War was a watershed moment in US South American relations Yet the Good Neighbor Policy the driving force behind many of the changes during this time remains underanalyzed especially from a South American perspective Examining topics ranging from literary fashions and trends in the press to science militarism and gender categories New Perspectives on the Good Neighbor Policy sheds light on this crucial period in which the US defined geopolitical relations with South America and solidified its hemispheric hegemony Additionally the contributors evaluate the legacy of the Good Neighbor Policy in the twentieth century and its impact on twenty first century politics

**The Dismantling of the Good Neighbor Policy** Bryce Wood, 2010-07-22 The Good Neighbor Policy was unique a great power obligated itself not to use force in its dealings with twenty smaller powers and not to interfere in their domestic politics It was a policy that lasted with some perturbations for twenty years instituted by President Roosevelt in 1933 and carried out effectively from 1933 to 1943 by word and action maintained during the Second World War largely as a result of British concern for continuance of Argentine beef exports codified in the Charter of the Organization of American States in 1948 and reasserted by Truman and Acheson in 1950 51 it was covertly repudiated in Guatemala in 1954 by Eisenhower and the Dulles brothers and not so secretly by Kennedy in the disastrous Bay of Pigs invasion of 1961 Openly shattered in the Dominican Republic by Johnson in 1965 it has since been completely abandoned in favor of the usual relationships between large and small powers Working with documents from the Public Records Office in London and the National Archives with recently released materials from the U S Department of State and with secondary sources Bryce Wood describes the temptations laid before the leaders of one powerful state by its occasionally recalcitrant neighbors and the ways of reacting that were found Having told half the story in his The Making of the Good Neighbor Policy Wood now concludes it in the present volume One of the chief casualties is shown to be the Organization of American States which since 1954 has found itself badly crippled in its work to promote harmony and continued cooperation among the member states

**Brazil, the United States, and the Good Neighbor Policy** Alexandre Busko Valim, 2019-10-11 In Brazil the United States and the Good Neighbor Policy The Triumph of Persuasion during World War II Alexandre Busko Valim studies the use of cinema in Brazil as an instrument of political persuasion by the United States during the period of the so called Good Neighbor policy during World War II by examining extensive documentation found in the National Archives in College Park Maryland In doing so Valim demonstrates the modus operandi of media imperialism its mapping strategies and control of the market its actions and its objectives of domination When thinking about the place of images as a means of convincing and imposing an ideological project the author notes the methods necessary to examine this relationship between art and politics a problem that is central in the contemporary world Scholars of Latin American Studies international relations history political science and media studies will find this book particularly useful

*The Good Neighbor Policy of Franklin D. Roosevelt with Special Reference to Three Inter-American Conferences, 1933-1938* George Cline Coleman, 1951     **The Making of the Good Neighbor Policy**, 1967     Hoover's Dominican Diplomacy and the Origins of the Good Neighbor Policy Earl R. Curry, 1979     *FDR's Good Neighbor Policy* Fredrick B. Pike, 2010-07-22 A study of how and why US Latin American relations changed in the 1930s Brilliant A charming and perceptive work Foreign Affairs During the 1930s the United States began to look more favorably on its southern neighbors Latin America offered expanded markets to an economy crippled by the Great Depression while threats of war abroad nurtured in many Americans isolationist tendencies and a desire for improved hemispheric relations One of these Americans was Franklin Delano Roosevelt the primary author of America's Good Neighbor Policy In this thought provoking book Bolton Prize winner Fredrick Pike takes a wide ranging look at FDR's motives for pursuing the Good Neighbor Policy how he implemented it and how its themes played out up to the mid 1990s Pike's investigation goes far beyond standard studies of foreign and economic policy He explores how FDR's personality and Eleanor Roosevelt's social activism made them uniquely simp tico to Latin Americans He also demonstrates how Latin culture flowed north to influence U S literature film and opera This book is essential reading for everyone interested in hemispheric relations     *The Roosevelt Foreign-Policy Establishment and the "Good Neighbor"* Randall Bennett Woods, 2021-10-08 The Good Neighbor Policy was tested to the breaking point by Argentina U S relations during World War II In part its durability had depended both upon the willingness of all American republics to join with the United States in resisting attempts by extrahemispheric sources to intervene in New World affairs and upon continuity within the United States foreign policy establishment During World War II neither prerequisite was satisfied Argentina chose to pursue a neutralist course and the Latin American policy of the United States became the subject of a bitter bureaucratic struggle within the Roosevelt administration Consequently the principles of nonintervention and noninterference together with absolute respect for the sovereignty of all states ceased to be the guideposts of Washington's hemispheric policy In this study Randall Bennett Woods argues persuasively that Washington's response to Argentine neutrality was based more on internal differences individual rivalries and power struggles between competing bureaucratic empires than on external issues or economic motives He explains how bureaucratic infighting within the U S government entirely irrelevant to the issues involved shaped important national policy toward Argentina Using agency memoranda State Department records notes on conversations and interviews memoirs and personal archives of the participants Woods looks closely at the rivalries that swayed the course of Argentine American relations He describes the personal motives and goals of men such as Sumner Welles Cordell Hull Henry Morgenthau Harry Dexter White Henry A Wallace and Milo Perkins He delineates various cliques within the State Department including the contending groups of Welles Latin Americanists and Hull internationalists and describes the power struggles between the State Department the Treasury Department the Board of Economic Welfare the Caribbean Defense Command and other agencies Of special

interest to students of contemporary history will be Woods's discussion of the careers and views of Juan Peron and Nelson Rockefeller for American policy contributed in no small way to Peron's rise and Rockefeller was the man chiefly responsible for the U S rapprochement with Argentina in 1944-45 Woods also gives special attention to the impact of the Wilsonian tradition especially its contradictions on policy formation The last chapter dealing with Argentina's admission to the U N sheds some light on the origins of the Cold War Wood's investigation of the Argentine problem makes a significant contribution toward the understanding of U S Latin American relations in the era of the Good Neighbor Policy and provides new insights into the evolution of hemispheric policy as a whole during World War II It reflects the growing emphasis on bureaucratic politics as a principal determinant of U S diplomacy

**The Good Neighbor Policy and Authoritarianism in Paraguay** Michael Grow, 1981      The Good Neighbor Policy in a Geopolitical Context Jonathan C. Ruano de la Haza, 2007

**The Good Neighbors** G. Harvey Summ, Tom Kelly, 1988      **The Reader's Digest** DeWitt Wallace, Lila Acheson Wallace, 1944      **The Presidency of Herbert C. Hoover** Martin L. Fausold, 1985 This book is likely to rank as the standard source on the Hoover Presidency for years to come      **Two Years of the "good Neighbor" Policy** Sumner Welles, 1935

The Commonwealth , 1962      **America's Failure in China, 1941-50** Tang Tsou, 1967      **U.S. Presidents and Latin American Interventions** Michael Grow, 2008 Reveals how Cold War U S presidents intervened in Latin America not as the official argument stated to protect economic interests or ward off perceived national security threats but rather as a way of responding to questions about strength and credibility both globally and at home      **The Log** , 1939      **National 4-H Club News** , 1945      *Newsweek* , 1954-09
