## **The Good Stepmother A Survival Guide:**

**The Good Stepmother** Karen Savage, Patricia Adams, 1988 Karen Savage shares her own moving story as a stepmother and her practical experience as a psychotherapist specializing in the problems of stepfamilies to help women cope with the joys and the complex dynamics of stepfamilies

**The Good Stepmother** Karen Savage, Patricia Adams, 1989-12 *The Complete Idiot's Guide to Stepparenting* Erika Lutz, 1998-04-01 You're no idiot of course. You know how to push a toddler on a swing, the recipe for the gooey chocolate chip cookies, and even how to get teens to confide in you. Your own kids think you're hip too, although they'd never admit to it. But when it comes to figuring out how not to come across as the wicked stepparent you feel like you need a magical potion. Don't reach for the garlic yet. *The Complete Idiot's Guide to Stepparenting* gives you sanity-saving advice for dealing with the stepfamily, getting to know your stepchildren, and feeling confident in your role.

**How To Win As A Stepfamily** Emily B. Visser, John S. Visser, 2013-04-15 Attempts to guide readers towards forming the remarried family, considering such issues as former spouses, new grandparents, and legal issues involving custody, visitation, adoption, and financial arrangements

**Build a High-Nurturance Stepfamily** Peter K. Gerlach, 2002-11-12 Note: hyperlinks below will take you to the Break the Cycle Website, formerly Stepfamily Information. This book and series are based on. Use your browser's back button to return to Xlibris. This is the fourth volume in a series of six dedicated to breaking the epidemic/unawareness cycle that promotes America's tragic divorce epidemic. The prior volume, *Stepfamily Courtship* (Xlibris.com, 2002), outlines seven Projects to help courting couples make wise commitment decisions. This book for stepfamily coparents and supporters adds five more projects based on the prior seven ones. If couples didn't do the prior projects, which is common, they can start the first six any time. A sobering reality: if either partner made any unwise courtship choices, it's unlikely that doing these other 11 Projects will guard them and their dependents from the five hazards that promote psychological or legal re-divorce. Nonetheless, working at the projects will give minor kids their best chance at avoiding inherited psychological wounds and passing them on to their descendants like their unaware ancestors did. The five post-re-wedding co-parenting projects are: 8. Nourish your re-marriage and steadily keep it your second priority after personal integrity and wholistic health, except in emergencies. In complex multi-home stepfamilies, this is hard for many couples to do. 9. Merge three or more multi-generational biofamilies and evolve strategies to resolve inevitable values and loyalty conflicts and Persecutor-Victim-Rescuer relationship triangles while you. 10. a. Build a co-parenting team with your kids; other parents b. stay current on your kids' progress with their many developmental and adjustment needs; and c. continually adjust and refine your co-parenting job descriptions based on your stepfamily mission statement. Because all nine of these ongoing co-parent projects are complex, confusing, and conflictual. 11. Intentionally build a support network for you and your kids and use it regularly. Finally, 12. Help each other stay balanced personally, re-maritally, and co-parentally each day, and b. enjoy this whole challenging endeavor.
