**Transcendent Writers in Stephen King's Fiction** Joeri Pacolet, 2019-02-13 Transcendent Writers in Stephen King's Fiction combines a post Jungian critical perspective of the puer aeternus Offering new insight into King's work it provides reconceptualisation of the eternal youth to develop a new theory the concept of the transcendent writer Combining recent Jungian and Post Jungian developmental theories this analysis of a selection of classic King novels addresses the importance of the stories within King's main narrative those of King's writer protagonists an aspect often overlooked Using these stories within stories it demonstrates the way in which King's novels illustrate their young protagonist's trajectories into adulthood and delineates King's portrayal of the psychological development of adolescence and their ambivalent experience of the world This book demonstrates how the act of writing plays a crucial role for King's writer protagonists in their search for a stable identity guiding us through their journey from disaffected youths to well rounded adults Transcendent Writers in Stephen King's Fiction will be of interest to Jungian and post Jungian scholars philosophers and teachers focusing on the theme of psychological development and identity and to those studying literature with a particular interest in horror

Stephen King Rebecca Stefoff, 2011 Readers of the books in Today's Writers and Their Works will learn the story behind each writer's story Sexual Politics and Popular Culture Diane Christine Raymond, 1990 Almost wherever we look depictions of sexuality both subtle and not so subtle are omnipresent Whatever the medium popular culture representations tell us something about ourselves and about the ideologies of which they are symptomatic These essays examine the

strategies of power implicit in popular representations of sexuality The authors scholars in fields such as sociology philosophy biology political science history and English literature eschew rigid disciplinary boundaries *The polemics of Ageing as reflected in Literatures. Essays on Ageing in Literature and Interviews with Vikram Chandra, James Halperin, Doris Lessing, Zadie Smith and Terri-ann White* , El envejecimiento no es s lo un proceso biom dico sino tambi n social econ mico psicol gico pol tico y cultural Las representaciones literarias del envejecimiento contribuyen a entender aspectos como el miedo a la decrepitud la p rdida de creatividad o la muerte las relaciones intergeneracionales y la sostenibilidad de la calidad de vida En el libro escritores y acad micos discuten temas de vital importancia para nuestras sociedades actuales con art culos y entrevistas que reflejan actitudes positivas hacia el proceso en que todos estamos implicados *A Casebook on The Stand* Anthony Magistrale,1992-01-01 Essays written on Stephen King s *The Stand* Pet Sematary Shellie McMurdo,2023-02-16 Most scholarship on Mary Lambert s *Pet Sematary* 1989 overarchingly focuses on the Stephen King novel 1983 and tends strongly towards housing the story within the Gothic literary tradition The film itself is often absent from considerations of North American horror cinema of the 1980s and from wider horror scholarship in general This *Devil s Advocate* stands as a corrective and provides a holistic analysis textual contextual and industrial of the film in order to properly situate it as an important entry into the history of horror cinema This book joins a growing body of works both journalistic and academic that aim to revisit older films in order to call attention to and or redress the gendered imbalance in our written horror histories McMurdo charges *Pet Sematary* with several contributions to the horror genre as an important entry within the tradition of grief horror as a horror film that both adheres to and defies the generic conventions of its historical context one both engaged with and respondent to its time of creation as a film that changed the fortunes of the cinematic Stephen King brand on the cusp of a new decade *Pet Sematary* is the highest grossing horror film directed by a woman in cinematic history and it stands as a story that we keep returning to as seen by the 1992 sequel the 2019 remake and a forthcoming prequel *Pet Sematary* s modern relevance and importance to genre history then is manifold and this book argues it is past time for its reconsideration as a classic of horror cinema **Dissecting Stephen King** Heidi Strengell,2005 Heidi Strengell shows that by tapping into the wellsprings of the gothic to reveal contemporary phobias Stephen King invokes the abnormal and repressed sexuality of the vampire the hubris of Frankenstein the split identity of the werewolf the domestic melodrama of the ghost tale Drawing on myths and fairy tales he creates characters who like the heroic Roland the Gunslinger and the villainous Randall Flagg may either reinforce or subvert the reader s childlike faith in society And in a manner of the naturalist tradition he reinforces a tension between the free will of the individual and the daunting hand of fate Jacket **Landscape of Fear** Tony Magistrale,1988 One of the very first books to take Stephen King seriously *Landscape of Fear* originally published in 1988 reveals the source of King s horror in the sociopolitical anxieties of the post Vietnam post Watergate era In this groundbreaking study Tony Magistrale shows how King s fiction transcends the

escapism typical of its genre to tap into our deepest cultural fears that the government we have installed through the democratic process is not only corrupt but actively pursuing our destruction that our technologies have progressed to the point at which the individual has now become expendable and that our fundamental social institutions school marriage workplace and the church have beneath their veneers of respectability evolved into perverse manifestations of narcissism greed and violence Tracing King's moralist vision to the likes of Twain Hawthorne and Melville Landscape of Fear establishes the place of this popular writer within the grand tradition of American literature Like his literary forbears King gives us characters that have the capacity to make ethical choices in an imperfect often evil world Yet he inscribes that conflict within unmistakably modern settings From the industrial nightmare of Graveyard Shift to the breakdown of the domestic sphere in The Shining from the techno horrors of The Stand to the religious fanaticism and adolescent cruelty depicted in Carrie Magistrale charts the contours of King's fictional landscape in its first decade
