The Great Big Box:

Big Box USA Bart Elmore, Rachel S. Gross, Sherri Sheu, 2024-04-15 Big Box USA presents a new look at how the big box retail store has dramatically reshaped the US economy and its ecosystems in the last half century. From the rural South to the frigid North, from inside stores to ecologies far beyond, this book examines the relationships that make up one of the most visible features of late twentieth century and early twenty first century American life. The rise of big box retail since the 1960s has transformed environments on both local and global scales. Almost everyone has explored the aisles of big box stores. The allure of everyday low prices and brightly colored products of every kind connect shoppers with a global marketplace. Contributors join a growing conversation between business and environmental history addressing the ways American retail institutions have affected physical and cultural ecologies around the world. Essays on Walmart, Target, Cabela's, REI, and Bass Pro Shops assess the bigness of these superstores from smokestacks to coat racks and contend that their ecological impacts are not limited to the footprints of parking lots and manufacturing but also play a didactic role in educating consumers about their relationships with the environment. A model for historians seeking to bring business and environmental histories together in their analyses of merchant capital's role in the landscapes of everyday life and how it has remade human relationships with nature. Big Box USA is a must read for students and scholars of the environment, business, sustainability, retail professionals, and a general audience.

Let's Play Jeff A. Johnson, Denita Dinger, 2014-03-10 Let children experience the learning power of play. *Let's Play* is a handbook full of child-led, open-ended learning adventures. The 39 fresh, fun, and budget-friendly activities plus more than 225 play variations are packed with learning that helps children develop important motor, cognitive, language, and social skills. These activity starters were all tested by a slew of early childhood professionals and approved by the children they work with. Building on the early learning principles presented in the author team's first book together, *Let Them Play: An Early Learning Un Curriculum*, they also support your transition to a play-based child-led un curriculum. Jeff A. Johnson has more than twenty years of early childhood experience as a former child care center director and current family child care business owner. He is a popular keynote speaker, trainer, and author of six books. Denita Dinger has been a child care provider for more than ten years and is a frequent speaker at early childhood conferences focusing on the topics of hands-on and play-based learning. This is her second book.

The Great Big One J. C. Geiger, 2021-07-13 With natural disasters and nuclear war threatening their small town, two twin brothers find themselves enraptured by mysterious music that could change the course of their lives. Everyone in Clade City knows their days are numbered. The Great Cascadia Earthquake will destroy their hometown and reshape the entire West Coast if they survive long enough to see it. Nuclear war is increasingly likely. Wildfires. Or another pandemic. To Griff, the daily forecast feels partly cloudy with a chance of apocalyptic horsemen. Griff's brother Leo and the Lost Coast Preppers claim to be ready. They've got a radio station, luminous underwater monitors, a sweet bunker, and an unsettling plan for disaster-ready rodents. But Griff's

more concerned about what he can do before the end times He'd like to play in a band for one Hopefully with Charity Simms Her singing could make the whole world stop When Griff Leo and Charity stumble upon a mysterious late night broadcast one song changes everything It's the best band they've ever heard on a radio signal even the Preppers can't trace They vow to find the music but aren't prepared for where their search will take them Or for what they'll risk when survival means finding the one thing you cannot live without
