4th Grade Theme Lesson Plans:

Lesson Plans for the Elementary PE Teacher Michael E. Gosset, 2018-07-24 This new book provides PE teachers with practical lesson plans for teaching movement at every elementary grade level. The book's movement and skill theme based approach which differs from the typical activity based approaches found in many schools helps students develop overall health and well being regardless of sports interests and hobbies. Each lesson plan is broken down into subsections to illustrate the physical, cognitive and affective benefits the central theme or concept to be explored the grade level and the equipment needed. By sequencing these lesson plans so that students develop general body awareness and coordination before finer motor skills like throwing and catching the author offers a model of PE instruction that will promote healthy lifestyle choices long after graduation. Pangrazi, Victor P. Dauer, 1994-08 **Resources in Education**, 1996 Consultation in Gifted Education Mary Slade Landrum, 2002 Based on theories developed in psychology and special education resource consultation and collaboration in gifted education presents a framework that allows classroom teachers and gifted education coordinators to work together to provide more enrichment opportunities to more students both inside and outside of the regular classroom. This comprehensive resource guides readers through the theory and practice of resource consultation and presents all the information necessary for setting up a program. Landrum describes the various personnel roles, steps in the consultation process, differentiation techniques and best practices and provides examples of classrooms and schools in which resource consultation is successfully at work. Reproducible templates a two year implementation timetable, inservice suggestions and sample letters to parents round out this resource on applying resource consultation and collaboration to gifted education and schoolwide improvement.
