John Edward Courtenay Bodley

France Since The Revolution:

France Since the Revolution Alfred Cobban, 1970 **France Since the Revolution** Claire Gorrara, Rachael Langford, 2003-01 *France since the Revolution* Texts and Contexts introduces students to modern France by exploring the emergence and development of France's five Republics and the values and ideals of French republicanism. Starting with the events of the French Revolution of 1789, each of the chapters in the book focuses on a flashpoint in French history: the Revolution of 1848, the Paris Commune of 1870, the Dreyfus affair of the 1890s, the First and Second World Wars, the Brazzaville conference of 1944, May 1968, and the campaign for political parity for women in the 1990s. Written by specialists from a range of disciplines including history, cultural studies, politics, and French area studies, these chapters address a series of contexts providing an overview of events and a critical interpretation of how such upheavals have affected the history of France's Republics. Questions of gender, race, and class are pivotal to such analyses. Complementing this emphasis on contexts are a number of texts available in French and English that give a flavour of how individual French men and women experienced their times. As an introductory book for undergraduates, *France since the Revolution* does not assume extensive previous knowledge and contains a complete glossary of the key names used in chapters, as well as a time line for reference and suggestions for further reading. An important resource for students and teachers alike, this accessible book gives its readers a firm base in nineteenth and twentieth century French history and culture from which to develop more specialized interests. *France in Revolution, 1776-1830* Sally Waller, 2002 The AS/A2 History series that everyone's talking about

France After Revolution Denise Z. Davidson, 2007-04-30 Davidson provides a reevaluation of prevailing views on the effects of the French Revolution and particularly on the role of women. Arguing against the idea that women were forced from the public realm of political discussion, Davidson demonstrates how women remained highly visible and active. **Selections from Burke's Reflections on the French revolution** Edmund Burke, 1893 *France in Revolution* Dylan Rees, Duncan Townson, 2001 This second edition provides an updated narrative and analysis of one of modern Europe's most important and dramatic events. The author examines the causes, course, and impact of the French Revolution from its onset through to the overthrow of Napoleon. Starting with the ancien régime, the text covers the events that led to the outbreak of the revolution in 1789, the rise of the republican movement, the Terror, and the Thermidorian reaction. Coverage of the impact of the Revolution on France and the rest of Europe has been fully updated to take into account recent research. The title also considers the latest historical interpretations of the French Revolution. The updated study guides provide a firm basis for answering source-based and essay questions. *France* John Edward Courtenay Bodley, 1898 *France in Revolution, 1848* Anthony Denholm, 1972 **The French revolution** Hippolyte Adolphe Taine, 1885 **The history of France: from the earliest period to the present time. (including a faithful account of the war with Germany, by T. Wright and lieutenant-colonel Williams). 3 vols. [in 4 pt.].** Thomas Wright, 1871 *The History of France from the Earliest Times to 1848* François

Guizot, Madame de Witt (Henriette Elizabeth), 1885 *The french revolution in 4 volumes* Justin Huntly McCarthy, 1897

The Army of the French Revolution Jean Paul Bertaud, 2019-02-19 Jean Paul Bertaud is the leading French authority on the army of the French Revolution and *La Revolution armee* is the authoritative treatment of the first great national patriotic revolutionary and mass army engaged in what has been called the first total war that between revolutionary France and the other European powers. The book is a successful attempt to integrate military history with social and political history and thereby to depict the army as a school for the republic that by subtle changes after 1795 made way for the Napoleonic regime. The distinguished historian R R Palmer presents the first translation of this work into English in a volume that will quickly become indispensable for French historians, historical sociologists and political scientists interested in armies and revolutions. The theme of the book is suggested by its French title *the Revolution armed*. That is the book is primarily about the Revolution and specifically the Revolution in its relation to armed force. This revolution and this army activated the idea of the citizen soldier exemplified by the ancient classical republics and favored by Jean Jacques Rousseau and other eighteenth century thinkers but never before realized on so large and portentous a scale as in France in the 1790s. Jean Paul Bertaud is Professor of Modern History at the University of Paris I the Sorbonne. He has published widely in France on aspects of the French Revolution. R R Palmer is Professor Emeritus at Yale University and author of numerous books including the two volume *The Age of the Democratic Revolution* 1959 and 1964, *Twelve Who Ruled* 1941 and *The Improvement of Humanity: Education and the French Revolution* 1985, all published by Princeton University Press. He has translated many works from the French, most recently *The Two Tocquevilles: Father and Son* Herve and Alexis de Tocqueville on the Coming of the French Revolution, Princeton 1987. Originally published in 1988, *The Princeton Legacy Library* uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

The French Revolutionary Epoch Henri Van Laun, 1879 *The French Revolution of 1789* John Stevens Cabot Abbott, 1887 **The History of Modern France** Jonathan Fenby, 2015-07-02 With the defeat of Napoleon Bonaparte at the Battle of Waterloo in June 1815, the next two centuries for France would be tumultuous. Bestselling historian and political commentator Jonathan Fenby provides an expert and riveting journey through this period as he recounts and analyses the extraordinary sequence of events of this period from the end of the First Revolution through two others: a return of Empire, three catastrophic wars with Germany, periods of stability and hope interspersed with years of uncertainty and high tensions. As her cross Channel neighbour Great Britain would equally suffer, France was to undergo the wrenching loss of colonies in the post Second World War as the new modern world we know today took shape. Her attempts to become the leader of the

European union is a constant struggle as was her lack of support for America in the two Gulf Wars of the past twenty years. Alongside this came huge social changes and cultural landmarks but also fundamental questioning of what this nation which considers itself exceptional really stood and stands for. That saga and those questions permeate the France of today now with an implacable enemy to face in the form of Islamic extremism which so bloodily announced itself this year in Paris. Fenby will detail every event every struggle and every outcome across this expanse of 200 years. It will prove to be the definitive guide to understanding France.

A History of the French Revolution Henry Morse Stephens, 1886 **Syllabus of Lectures on the History of Civilization in Europe** Philip Van Ness Myers, 1893 **A Popular History of France from the First Revolution to the Present Time: 1832-1881** Henri Martin, 1882 France in the American Revolution James Breck Perkins, 1911
