Where Can I Buy Game Of Thrones S:

HBO's Original Voices Victoria McCollum, Giuliana Monteverde, 2018-05-01 This book constitutes the first major exploration of HBO's current programming examined in the context of the transformation of American television and global society. With studies of well-known shows such as *Game of Thrones*, *Girls*, *Insecure*, *Looking*, *Silicon Valley*, *The Comeback*, *The Leftovers*, *True Detective*, and *Veep* and *Vinyl*, the authors examine the trends in current programming including the rise of queer characters, era-defining comedy, reinvented fantasy series, and the content's new awareness of gender, sexuality, and family dysfunction. Interdisciplinary and international in scope, HBO's *New and Original Voices* explores the sociocultural and political role and impact that HBO's current programmes have held and the ways in which it has translated and reinterpreted social discourses into its own televisual language. A significant intervention in television studies, media studies, and cultural studies, this book illuminates the emergence of a new era of culturally relevant television that fans, students, and researchers will find lively, accessible, and fascinating.

The Impossible Woman Kristen Hoerl, 2025-11-11 Although it may seem like the proliferation of strong women on television is a feminist achievement, a deeper look into their stories tells us otherwise. *The Impossible Woman* examines a variety of scripted US television series across multiple genres to show how the cultural value of television's extraordinarily talented female characters often rests upon their ability to endure but not overcome sexism. Looking at *Parks and Recreation*, *The Unbreakable Kimmy Schmidt*, *The Marvelous Mrs. Maisel*, *The Queen's Gambit*, *Game of Thrones*, and *Queen of the South*, Hoerl argues that these series contribute to sexist realism or the cultural assumption that there is no alternative to patriarchy. Situating impossible women's struggles in the context of contemporary feminist politics, Hoerl explains how the problems facing television's strongest women illustrate mainstream feminism's paradoxical dependence upon cultural misogyny, neoliberal individualism, and racism. *The Impossible Woman* encourages readers to seek out alternative stories that might help them envision more just feminist futures.
