**Some Forerunners of Italian Opera** W J Henderson,2020-01-28 THE purpose of this volume is to offer to the English reader a short study of the lyric drama in Italy prior to the birth of opera and to note in its history the growth of the artistic elements and influences which finally led the Florentine reformers to resort to the ancient drama in their search for a simplified medium of expression The author has not deemed it essential to his aims that he should recount the history of all European essays in the field of lyric drama but only that of those which directly affected the Italians and were hence the most important For this reason while some attention is given in the beginning to the French and German liturgical plays the story soon confines itself to Italy The study of the character and performance of the first Italian secular drama the Orfeo of Poliziano unquestionably a lyric work is the result of some years of labor The author believes that what he has to offer on this topic will be found to possess historical value The subsequent development of the lyric drama under the combined influences of polyphonic secular composition and the growing Italian taste for luxurious spectacle has been narrated at some length because the author believes that the reformatory movement of the Florentines was the outcome of dissatisfaction with musical conditions brought about as much by indulgence of the appetite for the purely sensuous elements in music as by blind adherence to the restrictive laws of ecclesiastic counterpoint

SOME FORERUNNERS OF ITALIAN OP William James 1855-1937 Henderson,2016-08-26 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work As a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant
