**Rivers of North America** Michael D. Delong, Timothy D. Jardine, Arthur C. Benke, Colbert E. Cushing, 2023-04-20 Rivers of North America Second Edition features new updates on rivers included in the first edition as well as brand new information on additional rivers. This new edition expands the knowledge base providing readers with a broader comparative approach to understand both the common and distinct attributes of river networks. The first edition addressed the three primary disciplines of river science hydrology, geomorphology and ecology. This new edition expands upon the interactive nature of these disciplines showing how they define the organization of a riverine landscape and its processes. An essential resource for river scientists working in ecology, hydrology and geomorphology. Provides a single source of information on North America's major rivers. Features authoritative information on more than 200 rivers from regional specialists. Includes full color photographs and topographical maps to illustrate the beauty, major features and uniqueness of each river system. Offers one page summaries help readers quickly find key statistics and make comparisons among rivers. *Catalog of Space Shuttle Earth Observations Hand-held Photography*, 1986
