*Vice Presidents* L. Edward Purcell, 2010 The majority of our vice presidents have been people of extraordinarily high aspiration ability and achievement For some the vice presidency was the deflating end of a political career for others the office was a stepping stone to the presidency     *Guerrilla Diplomacy* Robert K. Brigham, 2019-06-07 In 1960 revolutionaries in South Viet Nam created the National Liberation Front a political and military organization committed to overthrowing the Saigon government and liberating Viet Nam south of the seventeenth parallel The role of the NLF during the war has been hotly debated with officials in Washington claiming from the outset that the NLF was merely a puppet of Hanoi Based on over a hundred interviews with former Communist cadre and high ranking Party officials as well as extensive archival research in Viet Nam Robert K Brigham's is a definitive work that provides a focus on the NLF not found elsewhere It contributes greatly to our understanding of the Viet Nam War and encourages a reassessment of that conflict Brigham assesses the impact of the NLF's diplomatic strategy on the conduct and outcome of hostilities explores the origin and pursuit of its policy objectives and defines its true relationship with North Viet Nam He contends that the NLF's success in convincing the world that it was independent of Hanoi was critical in upsetting the political and military balance in South Viet Nam and frustrating the U.S. war effort In addition he argues that differences in goals among Communists building socialism in the north liberating the south resulted in disagreements over responses to American intervention and he shows how these differences entered into foreign relations and seriously undermined revolutionary efforts     **Gettysburg Requiem** Glenn W. LaFantasie, 2006

William C Oates is best remembered as the Confederate officer defeated at Gettysburg's Little Round Top losing a golden opportunity to turn the Union's flank and win the battle and perhaps the war Now Glenn W LaFantasie bestselling author of *Twilight at Little Round Top* has written a gripping biography of Oates a narrative that reads like a novel Here then is a richly evocative story of Southern life before during and after the Civil War based on first time and exclusive access of family papers and never before seen archives     **Claude Rains** John T. Soister, JoAnna Wioskowski, 2015-09-02 The career of Claude Rains is often and unfairly overshadowed by the careers of the ever popular Karloff Lugosi Chaney and Rathbone but few can dispute that he was truly one of the world's foremost character actors *The Invisible Man* ironically made him quite the visible star In his own inimitable way Rains later became John Jasper in *Mystery of Edwin Drood* Louis Renault Casablanca Julius Caesar Caesar and Cleopatra and Mr Dryden Lawrence of Arabia While concentrating on Rains more than fifty films this book also comprehensively examines his work in other media the stage radio television and recordings His only child Jessica in the foreword provides a brief biography of her father There are many rare photographs     *The New Imperial Histories Reader* Stephen Howe, 2020-07-24 In recent years imperial history has experienced a newfound vigour dynamism and diversity There has been an explosion of new work in the field which has been driven into even greater prominence by contemporary world events However this resurgence has brought with it disputes between those who are labelled as

exponents of a new imperial history and those who can by default be termed old imperial historians This collection not only gathers together some of the most important influential and controversial work which has come to be labelled new imperial history but also presents key examples of innovative recent writing across the broader fields of imperial and colonial studies
