The contributions in this volume are grouped around conceptual questions, specific contexts such as the salon and the table conversation, bring studies on individual literary texts, and cover the European cultural history from Plato to the 20th century.

[Selections From Table Talk \(Classic Reprint\)](#), Martin Luther, 2015-08-09. Excerpt from *Selections From Table Talk*. Even the folio of Captain Bell's translation from which these Selections have been printed has been prepared for reprint by some preceding editor whose pen has been busy in revision of the passages he did mean to reprint. In these Selections every paragraph stands unabridged exactly as it was translated by Captain Bell, and there has been no other purpose governing the choice of matter than a resolve to make it as true a presentment as possible of Luther's mind and character. At least one other volume of *Selections from the Table Talk of Martin Luther* will be given in this Library. Johann Goldschmid, the Aurifaber, and thereby true worker in gold, who first gave Luther's TableTalk to the world, was born in 1519. He was a disciple of Luther, thirty-six years younger than his master. Luther was born at Eisleben in 1483, and his father, a poor miner, presently settled at Mansfeld, the town in which Goldschmid afterwards was born.
