Machnik, 2021-03-25 What if the literary form of the Bible derived its pattern from the elementary process of creation Is there an underlying symbolic form to the book The Tree of Life is an analysis of this form and compares it to the operations of the intellect These operations are the process by which we come to know what is It also corresponds to the metaphysical elements which are the core of our being What becomes evident is that there is a form to human consciousness      The Tree of Mythology, Its Growth and Fruitage Charles De Berard Mills, 1889      **The Lives of Texts** Andrzej Kowalczyk, Katarzyna Pisarska, 2014-07-24 The Lives of Texts Exploring the Metaphor examines various instances of textual subsistence implied by the title Drawing on the parallel between a text and a living organism the contributors analyze various literary texts ranging from the Middle Ages to postmodernity as well as film adaptations and the graphic novel Apart from the works of canonical writers attention is also drawn to some long forgotten authors along with the most recent instances of popular literature and culture The exploration of the title metaphor allows the contributors to trace life like phenomena e g textual birth maturation dissemination death and resurrection in the texts of writers so remote from each other as Layamon Thomas More Mary Shelley Charles Williams Ursula Le Guin A S Byatt Peter Ackroyd Iain Banks J K Rowling or Neil Gaiman      The Classic and the Beautiful from the Literature of Three Thousand Years Henry Coppée, 1891      **The Legendary History of the Cross** Various, 2019-12-05 The Legendary History of the Cross is a profound and multifaceted examination of the Christian tradition surrounding the relics of the True Cross blending historical narrative hagiography and folklore This anthology weaves together a tapestry of legends and accounts from different centuries revealing the cross as a potent symbol of faith redemption and suffering Written in a rich evocative style it juxtaposes theological reflection with the cultural practices of medieval society offering insights into how these stories shaped and were shaped by the beliefs of their time The compilation s various authors draw from a wide range of historical contexts from early Christian martyrs to medieval mystics reflecting a collective yearning to understand the significance of the Cross within the Christian experience Their diverse backgrounds illuminate the socio political landscapes in which they wrote revealing how personal and communal narratives interweave through the sacred relic s legacy This work illustrates not only devotion but also the era s intellectual currents showcasing the interplay of faith art and tradition This captivating exploration is highly recommended for scholars and readers alike who seek to delve into the historical and spiritual significance of one of Christianity s most iconic symbols The Legendary History of the Cross invites reflection on enduring questions of faith and belief making it a compelling addition to any theological or historical collection      **The Classic and the Beautiful from the Literature of Three Thousand Years** Henry Coppée, 1898      The Olive-tree Bed and Other Quests M. Owen Lee, 1997 Six lectures that Owen classics U of Toronto delivered at Victoria College in October 1995 He discusses what he finds beautiful in the Odyssey the Aeneid Wagner s

Parsifal Goethe's Faust and draws obliquely from Don Quixote and Gilgamesh. He also identifies critical problems with the works. Parts of two lectures are reprinted from Owen's books. David Childress, popular author and star of the History Channel's show Ancient Aliens, takes us on an incredible journey in search of the truth about and science behind the fantastic Biblical artifact known as the Ark of the Covenant. This object, made by Moses at Mount Sinai, part wooden, metal box and part golden statue, had the power to create lightning to kill people and also to fly and lead people through the wilderness. Featured in such popular movies as Raiders of the Lost Ark by Lucas and Spielberg, the Ark of the Covenant is probably the most mysterious object in the Old Testament: what was it? Was it an ancient electrical device? The Ark of the Covenant suddenly disappears from the Bible record, and what happened to it is not mentioned. Was it hidden in the underground passages of King Solomon's temple and later discovered by the Knights Templar? Was it taken through Egypt to Ethiopia, as many Coptic Christians believe? Childress looks into hidden history, astonishing ancient technology, and a 3 000-year-old mystery that continues to fascinate millions of people today. **The Christ Child in Medieval Culture** Theresa M. Kenney, Mary Dzon, 2012-01-01. The cult of the Christ Child flourished in late medieval Europe across lay and religious as well as geographic and cultural boundaries. Depictions of Christ's boyhood are found throughout popular culture, visual art, and literature. The Christ Child in Medieval Culture is the first interdisciplinary investigation of how representations of the Christ Child were conceptualized and employed in this period. The contributors to this unique volume analyse depictions of the Christ Child through a variety of frameworks, including the interplay of mortality and divinity, the medieval conceit of a suffering Christ Child, and the interrelationships between Christ and other figures, including saints and ordinary children. The Christ Child in Medieval Culture synthesizes various approaches to interpreting the cultural meaning of medieval religious imagery and illuminates the significance of its most central figure. **The Tree of Life and the Holy Grail** Sylvia Francke, 2020-12-17. Recent works of fiction and popular history have promoted the idea that the Holy Grail symbolizes a physical bloodline resulting from the union of Jesus Christ and Mary Magdalene. This supposedly is the secret that esoteric movements have kept tirelessly for the past 2 000 years. From her groundbreaking research, Sylvia Francke exposes this notion to be a blatant misinterpretation of the mystery traditions that preceded and ran parallel to the birth of Christianity. She traces the ancient spiritual paths of knowledge from the Cathars, the Knights Templar, and the enigmatic Rosicrucians to the work of Rudolf Steiner in the twentieth century. Here she concludes: is true Grail knowledge the Tree of Life and the Holy Grail itself explained in their metaphysical context? From her research, she suggests a solution to the riddle of the sudden wealth and strange behaviour of Breton Saunière, the mysterious priest of Rennes-le-Château in southern France. True Grail knowledge, she concludes, has nothing to do with bloodlines or worldly status but is an ancient lifeline to the spiritual origins of creation. Its energetic forces ray up from the earth and down from the constellations and planets while

interacting with individual human beings It holds the key to the fulfilment of mankind's quest a step to the next phase of human evolution The recent explosion of interest in an alternative history of Christianity the shadow Grail prompted Sylvia Francke to revise *The Tree of Life and the Holy Grail* first published in 1996 The result is a completely reworked and expanded book that constitutes a powerful and convincing refutation of distorted esoteric truths

**Magic Mushrooms in Religion and Alchemy** Clark Heinrich, 2002-09 An illustrated foray into the hidden truth about the use of psychoactive mushrooms to connect with the divine Draws parallels between Vedic beliefs and Judeo Christian sects showing the existence of a mushroom cult that crossed cultural boundaries Contends that the famed philosophers stone of the alchemist was a metaphor for the mushroom Confirms and extends Robert Gordon Wasson's hypothesis of the role of the fly agaric mushroom in generating religious visions Rejecting arguments that the elusive philosophers stone of alchemy and the Hindu elixir of life were mere legend Clark Heinrich provides a strong case that *Amanita muscaria* the fly agaric mushroom played this role in world religious history Working under the assumption that this magic mushroom was the mysterious food and drink of the gods Heinrich traces its use in Vedic and Puranic religion illustrating how ancient cultures used the powerful psychedelic in esoteric rituals meant to bring them into direct contact with the divine He then shows how the same mushroom symbols found in Hindu scriptures correspond perfectly to the symbols of ancient Judaism Christianity the Grail myths and alchemy arguing that miraculous stories as disparate as the burning bush of Moses and the raising of Lazarus from the dead can be easily explained by the use of this strange and powerful mushroom While acknowledging the speculative nature of his work Heinrich concludes that in many religious cultures and traditions the fly agaric mushroom and in some cases ergot or psilocybin mushrooms had a fundamental influence in teaching humans about the nature of God His insightful book truly brings new light to the religious history of humanity

*Technology of the Gods* David Hatcher Childress, 2000 *Technology of the Gods* lays out the mind bending evidence that long lost civilizations had attained and even exceeded our modern level of advancement Westerners have been taught that humankind has progressed along a straight line path from the primitive past to the proficient present but the hard fast evidence literally written in stone proves that the ancients had technologies we cannot even replicate today
