

5 psychotherapy techniques for students

Psychotherapy is a treatment that uses verbal communication and human interaction to treat mental health conditions.

Different types of therapy techniques can help students battling different issues.

Cognitive behavioral therapy helps those who deal with stressful situations in college, which results in anxiety.

Dialectal behavioral therapy helps those struggling with depression, suicidal thoughts, and other serious mental states.

Interpersonal therapy helps students combat depressive disorders by creating healthy communication skills.

Psychodynamic therapy is effective in case of relationship issues, phobias, and psychosomatic problems.

Supportive therapy helps students work against obsessive negative thoughts such as self-criticism and self-blame.
