Takata Yamamoto:

De vreemdelinge Walter van den Broeck, 2015-07-01 Bram de Landsheer is boekhandelaar in ruste en heeft geen reden tot klagen Plotseling overvalt hem het gevoel dat hij oud is en beseft hij dat zijn tijd kort wordt Dat zijn zoon de boekhandel heeft overgenomen stemt hem nauwelijks milder Dat zijn kleinzoon Dries alleen maar oog heeft voor oude boeken maakt hem zelfs wanhopig want Bram koestert samen met zijn vrouw Lea nog n droom namelijk dat er in de familie eindelijk eens een dochter wordt geboren Als Dries de beeldschone en hyperintelligente Tess leert kennen ziet het ernaar uit dat hun wens alsnog in vervulling zal gaan Maar dat is buiten de nietsontziende en alles vernietigende kracht van de liefde gerekend In De vreemdelinge drukt meesterverteller Walter van den Broeck de lezer onverbiddelijk met de neus op zijn eigen verwachtingen van het leven en wat daar uiteindelijk van overblijft

Death Representations in Literature

Adriana Teodorescu, 2015-01-12 If the academic field of death studies is a prosperous one there still seems to be a level of mistrust concerning the capacity of literature to provide socially relevant information about death and to help improve the anthropological understanding of how culture is shaped by the human condition of mortality Furthermore the relationship between literature and death tends to be trivialized in the sense that death representations are interpreted in an over aestheticized manner As such this approach has a propensity to consider death in literature to be significant only for literary studies and gives rise to certain persistent clichés such as the power of literature to annihilate death This volume overcomes such stereotypes and reveals the great potential of literary studies to provide fresh and accurate ways of interrogating death as a steady and unavoidable human reality and as an ever continuing socio cultural construction The volume brings together researchers from various countries the USA the UK France Poland New Zealand Canada India Germany Greece and Romania with different academic backgrounds in fields as diverse as literature art history social studies criminology musicology and cultural studies and provides answers to questions such as What are the features of death representations in certain literary genres Is it possible to speak of an homogeneous vision of death in the case of some literary movements How do writers perceive imagine and describe their

death through their personal diaries or how do they metabolize the death of the significant others through their writings To what extent does the literary representation of death refer to the extra fictional socio historically constructed Death Is it moral to represent death in children s literature What are the differences and similarities between representing death in literature and death representations in other connected fields Are metaphors and literary representations of death forms of death denial or on the contrary a more insightful way of capturing the meaning of death [Alien Legacies](#) Nathan Abrams, Gregory Frame, 2023 The 1979 film Alien has left an indelible mark on popular culture Directed by Ridley Scott at the time known primarily for making advertisements and starring then unknown actor Sigourney Weaver in the lead role it transcended its humble origins to shock and disturb audiences upon its initial release Its success has led to three direct sequels two prequels one mashup franchise a series of comic books graphic novels novelizations games and an enormous and devoted fanbase For forty years Alien and its progeny have animated debate and discussion among critics and academics from a wide variety of fields and methodological perspectives This book brings together scholars from diverse disciplinary backgrounds to explore Alien through a contemporary lens The chapters here demonstrate the extent to which its effects and reception are deeply multifaceted with the Alien franchise straddling the lines between high and low culture playing with generic categories crossing media boundaries and animating theoretical critical and political debates Chapters touch on female agency and motherhood the influence of H R Giger the viscerality of Alien s body horror the narrative tradition of the Female Gothic the patriarchal gaze in the Alien video games and the rise of in universe online marketing campaigns In so doing the volume aims to debate Alien s legacy consider its current position within visual culture and establish what the series means and why it still matters forty years since its birth  2021 COMM BANGKOK CO., LTD., 2020-10-21 5

Graphics refers to unique visuals based on traditional Japanese drawings motifs patterns and calligraphy infused with contemporary charm for example a poster mimicking a Hokusai painting in which a new liquid crystal color TV set floats on an ocean looking over Mount Fuji another advertising poster showing a sumo wrestler and a geisha girl in sneakers jogging as if they were athletes a minimally designed package in the traditional Japanese charcoal gray wrapped up in a fine paper yet emblazoned with a very modern logo Recent years have witnessed the creative world breaking away from traditional Japanese style designs produce myriad works based on more contemporary renditions of Japanese aesthetic sensibilities Thus

it was the editorial intention to present outstanding examples of new Japanese style design grouped by media such as advertising packaging and book design Collected in this book are works that are at once traditional yet new nostalgic yet fresh In other words neo Japanesque is defined not by design that follows in the footsteps of the past but rather works that deviate from the conventional design arena to the cutting edge **Ottagono** ,2006 **Seikagaku** ,2005 **ADC nenkan** ,1998
