The Great Age Of Fresco Discoveries Recoveries And Survivals:

The Great Age of Fresco Millard Meiss,1970 Discusses history style and techniques of some of the world s most splendid monumental paintings **Publications of the Metropolitan Museum of Art, 1964-2005** Metropolitan Museum of Art,2012-10-09 The present volume Publications of The Metropolitan Museum of Art 1964 2005 is a successor to a volume published by the Museum in 1965 entitled Publications of The Metropolitan Museum of Art 1870 1964 These two bibliographic volumes endeavor to list all the known books pamphlets and serial publications bearing the Museum s imprint and issued by the institution during the first 135 years of its existence through June 2005 The first volume was compiled by Albert TenEyck Gardner at the time an Associate Curator of American Paintings and Sculpture and the present volume has been compiled from the Annual Reports issued by the Museum during the relevant years Together the two volumes testify to the tremendous contributions made to knowledge by the curators and conservators of the Metropolitan and by the many other experts who have contributed to the Museum s exhibition catalogues Various issues of the Bulletin emphasize the great sweep of the Museum s acquisitions during these years and the exhibition catalogues a number of them Alfred H Barr Jr Award or the George Wittenborn Award testify to the continuity of the institution s dedicated program to enrich people s lives through knowledge of art This title was originally published in 2006 **Pontormo, Bronzino, Allori** Elizabeth Pilliod,2001-01-01 Pilliod compares information from documents she has discovered with Vasari s versions of the artists lives and shows how Vasari manipulated their biographies for example suppressing any mention of Pontormo s status as a court artist including his salary from Duke Cosimo I in order to diminish their reputations to obliterate memory of the traditional Florentine workshops and to enhance the importance of the Academy instead She also discusses such subjects as the evidence for Pontormo s association with the Medici court Pontormo s house and its place in the urban fabric of Florence Bronzino s and Pontormo s intimate association with poets and theatrical spectacles and Allori s painted challenge to Vasari s view of the artistic scene in sixteenth century Florence **Medieval Italy** Christopher Kleinhenz,2016 **Great Age of Fresco** Millard Meiss,1970 **Monumental Sounds** Matthew G. Shoaf,2021-07-05 In Monumental Sounds Matthew G. Shoaf examines interactions between sight and hearing in spectacular church decoration in Italy between 1260 and 1320 In this age of vision authorities concerns about whether and how worshipers listened to sacred speech spurred Giotto and other artists to reconfigure sacred stories to activate listening and ultimately bypass phenomenal experience for attitudes of inner receptivity New naturalistic styles served that work prompting viewers to give voice to depicted speech and guiding them toward spiritually fruitful auditory discipline This study reimagines narrative pictures as site specific extensions of a cultural system that made listening a meaningful practice Close reading of religious texts poetry and art historiography augments Shoaf s novel approach to pictorial naturalism and art s multisensorial dimensions This book has received the Weiss Brown Publication Subvention Award from the Newberry Library The award supports the publication of outstanding works of
