

Text Structure

Authors of non-fiction text organize their writing in a way that is helpful to their readers. The way they choose to organize their text is called text structure.

There are five main non-fiction text structures.

| Type | Explanation | Key Words |
|---|--|--|
| Cause & Effect  | The text shares information about an event and what caused it to occur. | cause, effect, since, then, because, if, when, so |
| Compare & Contrast  | The text has two or more ideas or topics and the author writes about the similarities and differences. | like, unlike, but both, also, most, similar to, different from |
| Description  | The text provides a detailed description of the topic of the text. | to begin with, for instance, examples of, features include |
| Sequence  | The text is written in order of events or chronological order. | first, next, then, finally, before, after, during meanwhile |
| Problem & Solution  | The text includes information about a problem and possible or attempted solutions. | problem, solution, because, since, the issue is, resolved by |

Good readers pay attention to the text structure to help deepen their understanding of the text.
