

A group of four friends are on a road trip in a light blue convertible car. The driver, a man in a blue shirt, is smiling. A woman in a striped shirt is leaning out of the open-top car, laughing. Two other friends are visible in the background. The car is driving on a road through a desert landscape with mountains in the distance under a clear sky.

Songs Of The Road:

Songs from the road Leonard Cohen,2010

Conveying Lived Experience through Rock and Pop Music Lyrics

David C. Wright Jr.,2024-08-19 This book explores rock and pop music lyrics of the last seventy years to elucidate a broad spectrum of themes about the collective human experience

High Lonesome Cecelia Tichi,1994 A close up look at

country music argues that it has become a national art form reflecting the same themes that have characterized American art and literature over three centuries

Songs of the road Arthur Conan Doyle,1911

The Music Road Reinhard

Strohm,2019-08-29 The Music Road the western half of the famous Silk Road explores transmissions migrations and

discourses of music dance and theatre in the area between the Mediterranean and India from the first to the 20th century

This scholarly panorama explores this cultural world and considers its fascinating inner diversity

Folk Music and Song

in the WPA Ex-Slave Narratives John Minton,2025-02-17 Between 1937 and 1940 fieldworkers in the Works Progress

Administration s Federal Writers Project interviewed around 3 500 formerly enslaved people in North America resulting in

roughly 20 000 pages of still unedited and inadequately indexed typescript These accounts the WPA ex slave narratives are

the most substantial collection by far of folklore and oral history gathered directly from enslaved people in America It is

arguably the single greatest body of African American folklore extant and a significant portion is devoted to folk music and

song This book considers this treasure trove in all its relevant social cultural and historical contexts Nineteenth century

Black folk music developed against the backdrop of North American slavery the American Civil War Emancipation the

Federal occupation of the South and a successful white supremacist paramilitary and political insurgency that led to Federal

withdrawal officially sanctioned racial terror and Southern apartheid The WPA ex slave narratives describe that history in

remarkable detail Despite their inestimable value most of the ex slave narratives remained unpublished until the late 1970s

being almost unknown except to folklorists Even after publication the collection s sheer size was a barrier Quoting

extensively from the narratives and exhaustively annotated and indexed this volume provides readers with detailed

explanations and full references for every musical item or tradition featured in the ex slave narratives John Minton covers

instrumental music and social dancing spirituals and hymns singing games and lullabies ring plays and reels worksongs

minstrel songs ballads war songs slavery laments and much much more Written for both specialists and general readers with

134 illustrations the book also offers a general overview of the ex slave narratives their contents creation and relation to the

field of African American folklore as a whole

The Drama, Painting, Poetry, and Song Albert Ellery Berg,1884

Musical

Times and Singing Class Circular ,1898

The Southern Rock Revival Jason T. Eastman,2017-03-16 While some people

find new opportunities in the postindustrial economy many working class men find their social and economic well being

collapse as blue collar jobs are outsourced and offshored to the global labor market Faced with limited options to earn a

living wage many of these blue collar workers are instead changing who they are embracing a deviant rebellious identity

expressed by the contemporary southern rock revival musicians studied in this book. Although loosely based in the traditional culture and lifestyle of the southeastern United States, contemporary southerness has little to do with region but instead is a way to rebel from the very institutions blue collar men traditionally used as the basis of their masculine pride family education employment military service and religion. This contemporary form of southerness reflected in their music also involves deviance as many of these men adorn themselves with the highly controversial confederate flag, binge drink, alcohol, brawl with one another and use drugs. Combining interviews, participant observation and a lyrical analysis, this book explores these aspects of rebellious southerness through music as it exists in the ideal sense and as individual men try to live up to these subcultural ideals in their daily lives. The southern rock revival is a new social movement carving out a place for an alternative way to live while simultaneously perpetuating stereotypes about poor men reinforcing social disadvantage and marginalization.

Rounds and Canons for Reading, Recreation and Performance, Piano Ensemble, Volume 1

Constance Starr, William Starr, This collection of rounds and canons develops sight reading and ensemble skills. Every teacher and student will find benefit in this clever mix of original material, folk songs and classical pieces including works by Mozart, Beethoven, Purcell, Schumann, Tallis and Haydn. Two part to six part with the majority being four part, most of these rounds and canons are not technically difficult and may be performed by players of different skill levels. This volume can be used by several students at one, two or more pianos or in combination with violin, viola and/or cello since a cross reference with the string edition of the book is provided.
