## Sorrow To The Grave:

*Hell Know* Theodore Johnstone M.D.,2016-08-31 Having practiced medicine for more than 55 years Dr Johnstone has witnessed more than one of his patients take their last breath But sometimes in his mind questions popped up Is the persons soul in the presence of its maker Or is the soul now suffering in the flames of hell Or did it simply die with the body and with it will soon be encrypted buried or cremated What is the soul anyway Is it conscious Can it feel all of the stimuli coming to it from light sound heat taste smell and touch If so then a soul in heaven would be able to appreciate all of the blessings of that place but if in hell it would be suffering in the torment of eternal flames that never consume or destroy However if the soul dies with the body then it would experience nothing The above questions are not so meaningful if the person who has just died in your presence is not a loved one However a loved ones death makes these questions come alive sometimes with strong emotions not the least of which is sorrow Dr Johnstone experienced these feelings one summer afternoon when he was called by his mother who was at the bedside of his dying sister to come to the hospital and pronounced her dead Recently retired Dr Johnstone decided to research Scripture for himself to find answers in it as to what happens to a person after death In an effort to prevent bias from forming in his mind he decided not to consult with any commentaries but confine his studies mainly but not exclusively to The New International and King James versions of the Bible along with an English translation of the Septuagint He also decided to obtain help from the Interlinear Bible written in Hebrew Greek and English in conjunction with The New Strongs Expanded Exhaustive Concordance of the Bible From these sources he performed a metaphoric autopsy to ferret out the answers to the souls postmortem existence The pathology report portrayed in *Hell Know* came as a complete surprise
