## **Soul Exposed:**

The Soul's Hole Kelly Baker Proehl, 2026-01-13 A transformative read for the one in four women who've been there and the friends who walked with them. In this honest and heartfelt book Kelly Baker Proehl opens up about her post-abortion journey offering a lifeline of grace, healing and redemption. Imagine the women all around you: those in the grocery line, your Bible study group and the conference room. Now consider that one in four women has walked into one of the coldest, most lifeless four walls that exist: an abortion center. If you are holding this book, you have likely had an abortion, and if you have not, you took a friend, sat with a friend or know a friend who has experienced that trauma. Find healing and community through the testimony of Kelly Baker Proehl and six other incredibly brave women. They bare their souls so that you would know you are not alone and that others might avoid facing the same heart-wrenching pain. Kelly Baker Proehl vulnerably expresses the cascade of emotions that followed her abortion, describing how it forever left a hole in her soul. Above all, readers will discover that it is not an unforgivable sin and there is healing to be had in community and repentance.

**Plotinos: Complete Works** Plotinos Plotinos, 2018-10-05 The first possibility is that there is a cause both for the things that become and those that are the cause of the former being their becoming and that of the latter their existence. Again, neither of them may have a cause. Or in both cases, some may have a cause and some not. Further, those that become might have a cause while of these that exist, some might partly have a cause. Contrariwise, all things that exist may have a cause while of those that become, parts may have a cause and part not. Last, none of the things that become might have any cause EXCEPT THE FIRST. ALL THINGS ARE CAUSED. Speaking of eternal things, the first cannot be derived from other causes just because they are first. Things dependent from the first, however, may indeed thence derive their being. To each thing we should also attribute the resultant action for a thing's being is constituted by its displayed energy. **Plato on Music, Soul and Body** Francesco Pelosi, 2010-10-28 Plato's reflection on the relationship between soul and body has attracted scholars' attention since antiquity. Less noted but worthy of consideration is Plato's thought on music and its effects on human beings. This book adopts an innovative approach towards analysing the soul/body problem by uncovering and emphasising the philosophical value of Plato's treatment of the phenomenon of music. By investigating in detail how Plato conceives of the musical experience and its influence on intelligence, passions and perceptions, it illuminates the intersection of cognitive and emotional functions in Plato's philosophy of mind. The Ace Man: House of Cards Emokiniovo Edwin, 2019-07-29 From the Studio that published its first literary Christian theological exegesis termed *Explaining the terminologies of the Spirit* comes its first fictional screen-played book called *The Ace Man House of Cards*. For the graphical novel, delve into the world of organised crime, politics and espionage with the Ace Man House of Cards crime fictional screenplay situated in the contemporary era of the continent of Africa. Nicholas UDAH returns in another breathtaking crime adventurous story as *The Ace Man House of Cards* picks up five years after the events of *Project Calypso*. Nick and his brother Joseph and Carlo are

approached by Amanda to pull off an identity theft that could see them off into great fortunes The heist goes south leading up to the death of his elder brother Joseph After two years in Kamiti Downs Nick seeks retribution over the death of Joseph but along the way he makes new friends and foes in his quest to find his brother s assailant And every choice he makes pulls him closer to the deep state shadow organisation called THE UNION The Ace Man House of Cards is a self contained fictional story that somewhat compliments Project Calypso But it is a stand alone story on its own

**Are You Aware?** Jimmy Stanford,2010-12-23 I was 12 years old when an escaped convict chased me for more than a mile He came to our porch where he looked into my eyes questioning whether I would use my gun if he continued his quest His decision as well as other events in my life opened my spiritual vision into an unseen world we d best not ignore I pray the thoughts shared within these pages stir your soul I pray the pages increase your awareness of the spiritual world we live within I hope the thoughts shared help you find kindness goodness gentleness peace joy and love

**The Parisians** Lytton,1873 **A Crimson Tide** Lena Kovadlo,2012-12-31 Our lives are like the tide forever flowing in different directions taking on different paths and shades based on varying circumstances that come upon them Our lives are a forever changing of colors just like the tide As you dive into the pages of A Crimson Tide you will find yourself swimming through the various colors of our lives from nature s beautiful palate to red strokes of love and heartbreak to the black veil that falls upon us when loved ones pass away from us to darkening the pale where things become darker deeper philosophical and psychological where we battle with ourselves and question our existence and our purpose in life

**A History of the Doctrine of the Soul** Dudley Marvin Canright,1882

*The Parisians* Edward George Earle Lytton Bulwer-Lytton Lytton (1st baron),1874 *Abandonment: Absolute Surrender to Divine Providence* Jean Pierre de Caussade,2020-09-28 There is no truth however clear which does not become error the moment it is lessened or exaggerated and there is no food however salutary for the soul which may not when ill applied become a fatal poison The virtue of abandonment does not escape this danger the more holy and profitable it is in itself the more serious are the dangers we risk by misunderstanding its just limits These dangers unfortunately are not mere possibilities The seventeenth century witnessed the birth of a heresy that of the Quietists which while claiming to teach its followers perfect abandonment to God led them into the most terrible disorders For a time this sect wrought its ravages in the very capital of Catholicism and put forth such specious sophistries that the pious F nelon himself while abhorring the practical consequences drawn from this teaching was for a time misled by its false appearance of perfection To preserve Father Caussade s readers from these dangers we think it well to add to these writings a succinct exposition of the rules which should guide us in a matter so delicate By the light of the principles jointly furnished us by reason and faith we shall have no difficulty in determining the just limits which should mark our abandonment to divine Providence and it will be easy for us afterwards to elucidate the points in our author s doctrine which might be wrongly interpreted Father Caussade explains very clearly in his Letters the two principles which form the unalterable basis of the virtue of abandonment First

principle Nothing is done nothing happens either in the material or in the moral world which God has not foreseen from all eternity and which He has not willed or at least permitted Second principle God can will nothing He can permit nothing but in view of the end He proposed to Himself in creating the world i e in view of His glory and the glory of the Man God Jesus Christ His only Son To these two principles laid down by our author we shall add a third which will complete the elucidation of this whole subject As long as man lives upon earth God desires to be glorified through the happiness of this privileged creature and consequently in God s designs the interest of man s sanctification and happiness is inseparable from the interest of the divine glory If we do not lose sight of these principles which no Christian can question we shall understand that our confidence in the Providence of our Father in heaven cannot be too great too absolute too childlike If nothing but what He permits happens and if He can permit nothing but what is for our happiness then we have nothing to fear except not being sufficiently submissive to God As long as we keep ourselves united with Him and we walk after His designs were all creatures to turn against us they could not harm us He who relies upon God becomes by this very reliance as powerful and as invincible as God and created powers can no more prevail against him than against God Himself This confidence in the fatherly providence of God cannot evidently dispense us from doing all that is in our power to accomplish His designs but after having done all that depends upon our efforts we will abandon ourselves completely to God for the rest This abandonment should extend in fact to everything to the past to the present to the future to the body and all its conditions to the soul and all its miseries as well as all its qualities to blessings to afflictions to the good will of men and to their malice to the vicissitudes of the material and the revolutions of the moral world to life and to death to time and to eternity However as these different orders of things do not enter in the same manner in the designs of divine Providence neither should our abandonment in regard to these be practised in the same manner and the rules which we should follow in the practice of this virtue should be founded on the nature itself of the objects which call it forth We shall indicate the principal ones *Plotinos*
