Souls Of Summer:

The Anthroposophical Soul Calendar and the Incarnation Cycle of Man Roland Schrapp, 2020-12-09 This book takes a completely new look at the Anthroposophical Soul Calendar It is about the deeper meaning of the fifty two weekly verses which has remained essentially unexplored in the last hundred years since the first edition by Rudolf Steiner A dense veil of Isis was spread over them of which is well known that no mortal person can lift it Only the immortal psycho spiritual human being who knows himself at home in the extrasensory higher worlds is capable of doing this Only to him the weekly verses reveal themselves as a travel guide through these worlds and lift him up to ever higher spiritual cosmic realms until he reaches the experience of God from where he gradually descends again into a new life on Earth enriched in spirit and fertilized in his soul If the reader embarks on this journey the spiritual archetype of the Soul Calendar is ultimately unveiled to him and he achieves an extended understanding of Man and Christ By many quotations from Rudolf Steiner's lectures and books the author virtually lets Steiner himself elucidate the breathtaking depths of his mysterious weekly verses And When I Die Loni Friddle, 2012-03-30 Pia Vorhees a widow left with nothing but her husband's secret unfinished manuscript is confused After Hugh's passing Pia has faced a number of challenges to her ideas of what awaits people after death The greatest challenge to her beliefs comes from the strange behavior of her granddaughter Summer Summer has always reminded Pia of Hugh Throughout her young life Summer has displayed idiosyncratic behaviors that are intimately similar to those of her late grandfather These similarities become far too significant however when Summer wins the Nobel Prize in Literature for the book written by her grandfather a book she should never have known about Pia does not understand how Summer could have known about the manuscript that she had kept secret since Hugh passed two years before Summer was born She becomes suspicious of Summer and questions her opinions on life death and identity Could Summer be the reincarnation of Hugh or could he be communicating with her from beyond the grave **The Shorter Leibniz Texts**, 2010-07-15 This volume contains more than 60 original translations of papers written by the German philosopher Gottfried Wilhelm Leibniz 1646-1716 As well as contributing to Leibniz scholarship it is intended to function as an introductory text for students *Essays and Phantasies* James Thomson, 1881 Theological Works: The intercourse between the soul and the body Emanuel Swedenborg, 1893 The Golden Bough James George Frazer, 1966 Catalogue of (printed) music.
