Kabir,Nirmal Dass,1992 *Encyclopedia of Literary Translation Into English: A-L* O. Classe,2000 Voice, Text, Hypertext

Raimonda Modiano,Leroy F. Searle,Peter L. Shillingsburg,2016-06-01 Voice Text Hypertext illustrates brilliantly why interest in textual studies has grown so dramatically in recent years For the distinguished authors of these essays a text is more than a document or material object It is a cultural event a matrix of decisions an intricate cultural practice that may focus on religious traditions modern underground literary movements poetic invention or the irreducible complexity of cultural politics Drawing from classical Roman and Indian to modern European traditions the volume makes clear that to study a text is to study a culture It also demonstrates the essential importance of heightened textual awareness for contemporary cultural studies and critical theory and indeed for any discipline that studies human culture

The Millennium Kabir Vāṇī

Winand M. Callewaert,2025-10-27 When around 1500 the Muslim weaver Kab r sang his songs in Banaras nobody could imagine that at the end of the twentieth century he would be most frequently quoted bhakti saint in north India Five hundred years after Kab r was born in Banaras and after at least 80 years of scholarship do we have any certainty that the songs attributed to him and published in critical and uncritical editions and translations are by Kab r I doubt it more and more Between Kab r and our computer age lie 150 years of oral transmission which never stopped and nearly 400 years of scribal transmission We have no oral recordings of Kab r scolding his audiences and I take it for granted that he did not write down his compositions What we have are manuscripts in which his popular repertoire was written down first by travelling singers and later in a more respectful and professional way by devoted scribes But what do we have of Kab r in those repertoires I argue that with certainty we can only say that the version of Kab r s songs found in the seventeenth century manuscripts is the version commonly used and sung by singers then Among the pad s in the V n of Kab r we can earmark those that may have been popular in the repertoires around 1550 that is two generations after the death of Kab r and one generation before the first manuscripts still preserved now were written The norm is occurrence in Punjab and or Rajasthan When everything is said and done one question remains How could Kab r become so charismatic that many devotees possibly during his lifetime and definitely after his death were happy to insert his name as bha nit in their own compositions and let those songs circulate with his name not their own What was his genius that eventually was changed into a social consciousness strongly influencing later generations

New Studies in Indian and Comparative Philosophy Ravindra Raj Singh, Jacqueline Kumar, 2025-04-29 New Studies in Indian and Comparative Philosophy presents innovative research on pivotal themes in Indian philosophy that have often been misinterpreted or overlooked It illuminates key ideas through fresh perspectives and critical analyses offering a richer understanding of their global significance In addition to new explorations of Indian philosophical concepts the book investigates how Western thinkers including Schopenhauer Simone Weil and others engaged deeply with Indian thought These cross cultural forays are thoroughly evaluated highlighting both the Western philosophers enduring interest in Indian philosophy and the broader intellectual dialogues that arise from such engagements The result is a thought provoking volume that underscores the continuing relevance of Indian philosophy in contemporary global discourse
