**Dongshan's Five Ranks** Ross Bolleter,2014-05-20 The first in depth English commentary on the Five Ranks a core text of the Zen tradition that teaches what can t be taught which contains new translations of all of the key texts of the Five Ranks cycle We imagine ourselves and the universe to be distinct but within us glimmers the suspicion that we are in fact intimately connected and inseparable from all that there is The dawning and expansion of such awareness is called enlightenment In his masterwork a suite of dialectical works known collectively as the Five Ranks Dongshan a Zen master of Old China approaches enlightenment from five angles using paradox and poetry to lay out a multifaceted path whereby we might discover enlightenment within this very moment Ross Bolleter Roshi assembles and provides commentary on all of the core texts of the Five Ranks including the precursors that inspired it and works inspired by it Approaching the Five Ranks from a rich and sophisticated koan perspective Bolleter Roshi augments his explanations of the works with liberal doses of humor and storytelling bringing this esteemed classic to life Each part of the Five Ranks focuses differently on the relationship between the timeless realm of our essential natures and the contingent realm of life and death They encourage us to transcend naive individualism and to bring our best qualities of compassion and wisdom intimately into our daily lives In this regard Dongshan s Five Ranks lays out the path that every student of the Way must traverse on the journey to becoming a teacher

**The Record of Empty Hall** Dosho Port,2021-02-02 A fresh translation and commentary on a classic collection of 100 koans from thirteenth century China The Record of Empty Hall was written by Xutang Zhiyu 1185 1269 an important figure in Chinese Linji Chan Japanese Rinzai Zen Buddhism and in its transmission to Japan Although previously little known in the West Xutang s work is on par with the other great koan collections of the era such as The Blue Cliff Record and Book of Serenity Translated by Zen teacher Dosho Port from the original Chinese The Record of Empty Hall opens new paths into the earthiness humor mystery and multiplicity of meaning that are at the heart of koan inquiry Inspired by the pithy frank tone of Xutang s originals Port also offers his own commentaries on the koans helping readers to see the modern and relatable applications of these thirteenth century encounter stories Readers familiar with koans will recognize key figures such as Bodhidharma Nanquan and Zhaozhou and will also be introduced to teaching icons not found in other koan collections Through his commentaries as well as a glossary of major figures and an appendix detailing the cases Port not only opens up these remarkable koans but also illuminates their place in ancient Chinese

Japanese and contemporary Zen practice     *Visions of Awakening Space and Time* Taigen Dan Leighton,2007-05-11  
Publisher description     [Visions of Awakening Space and Time](#) Taigen Dan Leighton,2008-12-31 As a religion concerned with universal liberation Zen grew out of a Buddhist worldview very different from the currently prevalent scientific materialism Indeed says Taigen Dan Leighton Zen cannot be fully understood outside of a worldview that sees reality itself as a vital dynamic agent of awareness and healing In this book Leighton explicates that worldview through the writings of the Zen master Eihei Dogen 1200-1253 considered the founder of the Japanese Sōtō Zen tradition which currently enjoys increasing popularity in the West The Lotus Sutra arguably the most important Buddhist scripture in East Asia contains a famous story about bodhisattvas enlightening beings who emerge from under the earth to preserve and expound the Lotus teaching in the distant future The story reveals that the Buddha only appears to pass away but actually has been practicing and will continue to do so over an inconceivably long life span Leighton traces commentaries on the Lotus Sutra from a range of key East Asian Buddhist thinkers including Daosheng Zhiyi Zhanran Saigyo Myōe Nichiren Hakuin and Ryōkan But his main focus is Eihei Dogen the 13th century Japanese Sōtō Zen founder who imported Zen from China and whose profuse provocative and poetic writings are important to the modern expansion of Buddhism to the West Dogen's use of this sutra expresses the critical role of Mahayana vision and imagination as the context of Zen teaching and his interpretations of this story furthermore reveal his dynamic worldview of the earth space and time themselves as vital agents of spiritual awakening Leighton argues that Dogen uses the images and metaphors in this story to express his own religious worldview in which earth space and time are lively agents in the bodhisattva project Broader awareness of Dogen's worldview and its implications says Leighton can illuminate the possibilities for contemporary approaches to primary Mahayana concepts and practices

**Master Dogen's Zazen Meditation Handbook** Eihei Dogen,2022-04-19 Dogen's famous text on Zen practice comes alive in the hands of a modern meditation master Carl Biefeldt Professor of Religious Studies Stanford University and author of Dogen's Manuals of Zen Meditation This is the definitive English translation of a foundational work of Zen Buddhism the *Bendowa On the Endeavor of the Way* by Eihei Dogen founder of the Sōtō school of Zen in Japan Written in 1231 it contains the master's essential teachings on zazen or seated meditation which is the fundamental pathway to Buddhist enlightenment The first part of the book introduces the notion of wondrous dharma and looks at the role of the individual to society and notions of time and interconnection The second part of the work is cast in the form of a dialogue the Q & A format offering answers to questions a Zen novice might pose regarding the paths to enlightenment How can passively sitting be a means of attaining enlightenment Why is sitting so key to meditation Can seated meditation be combined with other practices How can I maintain a practice that accords with my other responsibilities in life What sets this edition apart are the contemporary insights by modern Zen master Kosho Uchiyama Roshi which tackle some of the difficulties readers face in comprehending Dogen's guidance and demystify some of the terms and concepts central to an understanding of zazen practice and Buddhist

philosophy He discusses the notion of dharma as presented in the text and looks at Buddhist thought through the lens not of abstraction but in terms of its concrete realities [Standard Observances of the Soto Zen School: Translation](#) ,2010 Procedural guidelines adopted in 1889 as ritual procedures to be followed by all priests when engaging in Soto school observances **Flowers Blooming on a Withered Tree** Steven Heine,2020-08-14 This book provides a translation and critical bilingual edition on the Verse Comments on the Treasury of the True Dharma Eye The Verse Comments by Giun 1253 1333 the fifth abbot of Eiheiji temple is an important early medieval Japanese commentary on the 60 chapter edition of the Treasury of the True Dharma Eye Shobogenzo one of the main versions of the masterwork written by Eihei Dogen 1200 1253 the founder of the Soto Zen sect in Japan who established Eiheiji in the mid 1240s Giun s Verse Comments was one of only two commentaries of the Treasury written during the Kamakura era with the other being a prose analysis of the 75 chapter edition called Prose Comments on the Treasury of the True Dharma Eye often abbreviated to Distinguished Comments Gosho While Distinguished Comments fell into disuse rather quickly and was only revived nearly three hundred years later the Verse Comments was circulated widely from the time of its composition and read by many Soto monks over the next couple of centuries Offering poems and cryptic expressions that seek to capture the spiritual flavor and essential meaning of Dogen s thought as suggested in each chapter the Verse Comments is crucial for understanding how Dogen s Treasury was received and appropriated in the religious and literary context of medieval Japan In this book Steven Heine s careful interpretations historical investigations and theoretical reflections demonstrate the significance of Giun s writings in light of the history of pre modern and modern commentaries on Dogen s masterwork the Treasury of the True Dharma Eye [The Journal of the Order of Buddhist Contemplatives](#) ,1996 [The Canadian Encyclopedia](#) James H. Marsh,1999 This edition of The Canadian Encyclopedia is the largest most comprehensive book ever published in Canada for the general reader It is COMPLETE every aspect of Canada from its rock formations to its rock bands is represented here It is UNABRIDGED all of the information in the four red volumes of the famous 1988 edition is contained here in this single volume It has been EXPANDED since 1988 teams of researchers have been diligently fleshing out old entries and recording new ones as a result the text from 1988 has grown by 50% to over 4 000 000 words It has been UPDATED the researchers and contributors worked hard to make the information as current as possible Other words apply to this extraordinary work of scholarship AUTHORITATIVE RELIABLE and READABLE Every entry is compiled by an expert Equally important every entry is written for a Canadian reader from the Canadian point of view The finished work many years in the making and the equivalent of forty average sized books is an extraordinary storehouse of information about our country This book deserves pride of place on the bookshelf in every Canadian Home It is no accident that the cover of this book is based on the Canadian flag For the proud truth is that this volume represents a great national achievement From its formal inception in 1979 this encyclopedia has always represented a vote of faith in Canada in Canada as a separate place whose natural worlds and whose peoples and their achievements

deserve to be recorded and celebrated At the start of a new century and a new millennium in an increasingly borderless corporate world that seems ever more hostile to national distinctions and aspirations this Canadian Encyclopedia is offered in a spirit of defiance and of faith in our future The statistics behind this volume are staggering The opening sixty pages list the 250 Consultants the roughly 4 000 Contributors all experts in the field they describe and the scores of researchers editors typesetters proofreaders and others who contributed their skills to this massive project The 2 640 pages incorporate over 10 000 articles and over 4 000 000 words making it the largest some might say the greatest Canadian book ever published There are of course many special features These include a map of Canada a special page comparing the key statistics of the 23 major Canadian cities maps of our cities a variety of tables and photographs and finely detailed illustrations of our wildlife not to mention the colourful informative endpapers But above all the book is encyclopedic which the Canadian Oxford Dictionary describes as embracing all branches of learning This means that with rare exceptions there is satisfaction for the reader who seeks information on any Canadian subject From the first entry A mari usque ad mare from sea to sea which is Canada's motto and a good description of this volume's range to the Zouaves who mustered in Quebec to fight for the beleaguered Papacy there is the required summary of information clearly and accurately presented For the browser the constant variety of entries and the lure of regular cross references will provide hours of fascination The word encyclopedia derives from Greek expressions alluding to a grand circle of knowledge Our knowledge has expanded immeasurably since the time that one mind could encompass all that was known Yet now Canada's finest scientists academics and specialists have distilled their knowledge of our country between the covers of one volume The result is a book for every Canadian who values learning and values Canada
