

The background of the book cover is a blue-toned photograph of a soccer player in a white jersey and dark shorts, captured in a dynamic pose as if kicking a ball. A large, stylized red and white graphic of the French flag is superimposed over the center of the image, running vertically. The title and author information are contained within a white rectangular box with a thin black border.

France Since The Popular Front Government And People 1936 1996:

France Since the Popular Front Maurice Larkin, 1997 Professor Larkin analyses the factors that have shaped modern France provides lively accounts of the political figures and key events of the period and compares the country's progress with that of its European neighbours France Since the Popular Front Maurice Larkin, 1988 A history of contemporary France that sets the changing fortunes of government and people in a broad international context comparing the country's economic performance and social record with those of her European neighbours **Om de democratie** Meine Henk Klijnsma, 2008

France Since 1870 Charles Sowerwine, 2009-01-08 Widely praised when it was first published this new edition has been brought up to the present and thoroughly revised to take into account the latest research It now includes maps and more coverage of topics such as racial strife colonial difficulties France's role in post war European integration including the EU and women and gender **France** Timothy Baycroft, 2008-08-29 A variable volume in an important new series this effective book considers the way in which constructions of French identity have interacted with political contention The result is a valuable reading of French history from the Revolutionary period on Jeremy Black The Historical Association *The Year that Never was* Catherine Hynes, 2009 We thought we were tapping the idealistic tradition of the democracies when we put forward the Year of Europe explained Henry Kissinger National Security Advisor in the Nixon White House We did not know what we were letting ourselves in for President Richard Nixon's claim during his second inaugural address that we stand on the threshold of a new era of peace in the world reflected his relief at the formal conclusion of the war between the United States and North Viet Nam Freed from the trauma of this conflict the Administration's attentions could now be redirected to the deteriorating transatlantic alliance In a self conscious attempt to echo the heady days of the Marshall Plan Kissinger persuaded a reluctant President that now was the perfect opportunity to initiate a comprehensive reassessment of the alliance The new initiative called the Year of Europe quickly became a central part of Nixon's second term public relations campaign Drawing on recently declassified documents from both the British and American National Archives Hynes examines how the Year of Europe became a pivotal year in British foreign policy for all the wrong reasons Set against the turbulent world climate of the early 1970s it provides a vivid insight into the bizarre diplomatic modus operandi of the Nixon Kissinger White House It also offers a fresh interpretation of the difficulties faced by British Prime Minister Edward Heath as he sought to rebuff Kissinger's overtures and reorientate Britain's foreign policy towards Europe **Studies in the Literary Imagination** , 2006 **The Free Trade Area and the Construction of Great Britain's European Policy, 1952-1958** Todd Alan Good, 2003 Todd A Good is an Assistant Professor in the Department of History at Grand View College in Des Moines Iowa France and European Integration Michel R. Gueldry, 2001-05-30 Examines the substantive transformations brought upon the French state by European integration **Colonial Power and National Identity** Marie Demker, 2008 This study addresses the puzzle why French Prime Minister Pierre Mends France managed to grant Indochina independence

through negotiations but neglected the same demand from Algeria **French Forum** ,1998 Alphonse de Châteaubriant Kay Chadwick,2002 The Second World War spawned infamous collaborators such as Brasillach and Drieu la Rochelle men who betrayed France throughout the Occupation Among their number stands the Catholic writer Alphonse de Châteaubriant Author of the prize winning novels *Monsieur des Lourdines* and *La Bri re* he turned his literary talents to the propagation of a collaborationist message in the pages of the infamous essay *La Gerbe des forces* and the equally ignominious newspaper *La Gerbe* Although nothing predisposes a Catholic to be a collaborator Châteaubriant's commitment to the National Socialist cause arose from an idiosyncratic reading of Christian doctrine which justified racism and elitism in the name of spiritual regeneration He viewed his encounter with National Socialism as a long awaited meeting of minds and championed its representatives as men of vision who would re-evangelise the world After the war Châteaubriant fled to Austria Condemned as a traitor in his absence he indulged in an attempt at self revision and fulminated against his judges until his dying day This book explores the dangerous pathways down which misplaced idealism can lead It challenges those who would obscure the proper telling of Châteaubriant's involvement or obstruct a fitting narrative of the Vichy years *Country Profile* ,2001

Books in Print Supplement ,2002 Current Contents ,1999 *Communism in Rural France* John Bulaitis,2008-09-30 The French Communist Party has traditionally been identified with the urban working class but paradoxically its position as France's main left wing party was dependent upon support from the countryside *Communism in Rural France* explores for the first time the party's complex and often misunderstood relationship with agricultural labourers During 1936 and 1937 a bitter struggle between agricultural workers and farmers swept through parts of the French countryside Coinciding with the urban social explosion which followed the victory of the Popular Front government the strikes farm occupations and increased unionisation panicked farmers and shocked right wing opinion which blamed the spread of the corrupting collectivist influences of urban society into the countryside on the French Communist Party *Communism in Rural France* traces the evolution and characteristics of the agricultural workers movement from the turn of the 20th century through the inter war years as well as the response of the government and the resistance organised by farmers during 1936-37 By focussing on agricultural workers John Bulaitis sheds light on a section of the rural population that has been generally overlooked in French rural and labour history *Communism in Rural France* explores their relationship with the French Communist Party and illuminates an important and previously neglected aspect of European politics *France Restored* William I. Hitchcock,1998 *France Restored* Cold War Diplomacy and the Quest for Leadership in Europe 1944-1954 *Western Europe*, 1996 Wayne C. Thompson,1996-08 *International Bibliography of Book Reviews of Scholarly Literature Chiefly in the Fields of Arts and Humanities and the Social Sciences* ,1999 Comparative Politics Jeffrey Kopstein,Mark Lichbach,2009 Now in its third edition this unique textbook remains a favorite for introductory undergraduate courses in comparative politics It features twelve theoretically and historically grounded country studies that

show how the three major concepts of comparative analysis interests identities and institutions shape the politics of nations and regions Written in a style free of heavy handed jargon and organized to address the concerns of contemporary comparativists this textbook provides students with the conceptual tools and historical background they need to understand the politics of our complex world This third edition introduces completely new chapters on the European Union France and Nigeria
