**Philosophy of Dreams** Christoph Turcke, 2013-10-22 div A sweeping reconstruction of human consciousness and its breakdown from the Stone Age through modern technology DIV *Saving Possibilities*, 2021-11-01 This book introduces a new metaphysics which deals with the psycho physical problem in philosophical psychology as well as with problems in the scientific standing of psychoanalysis and chaos theory the feminine psyche the possibility of cinematic illusion meaningful madness and why machines cannot think **Deceptive Fictions** Ulrike Tancke, 2015-06-18 Deceptive Fictions Narrating Trauma and Violence in Contemporary Writing explores the widespread narrative concern with trauma and violence and their interactions with identity meaning ethics history memory and various other related issues in a selection of novels by prolific contemporary British and Irish writers Interrogating the strategic functions of trauma and violence the book argues that these texts can be read as counter narratives to or a backlash against still prevalent critical paradigms informed by poststructuralist and postmodern thought Trauma and violence are invoked as narrative tools to communicate the centrality of the body and of biological and material constraints on human actions This emphasis on reality and the experiential ties in with the novels consistent focus on the individual as an ethical agent and originator of meaning In so doing they signal a move in contemporary fiction towards a textual practice that can most fruitfully be approached along the lines of an individualistic evolutionary corporeal and experiential narratology which self consciously reflects on the manipulative potentials of narrative *1999* Ross Benes, 2025-04-22 The year 1999 was a high water mark for popular culture According to one measure it was the best movie year ever But as journalist Ross Benes shows the end of the 90s was also a banner year for low culture This was the heyday of Jerry Springer Jenna Jameson and Vince McMahon among many others Low culture had come into its own and was poised for world domination The reverberations of this takeover continue to shape American society During its New Year s Eve countdown MTV entered 1999 with Limp Bizkit covering Prince s famous anthem to the new year The highlights of the lowlights continued when WCW and WWE drew 35 million American viewers each week with sex appeal and stories about insurrections Insane Clown Posse emerged from the underground with a Woodstock set and platinum records about magic and murder Later that year Dance Dance Revolution debuted in North America and Grand Theft Auto emerged as a major video game franchise Beanie Babies and Pok mon so thoroughly seized the wallets and imagination of collectors that they created speculative investment bubbles that anticipated the faddish obsession over nonfungible tokens NFTs The trashy talk show Jerry Springer became daytime TV s most watched program and grew so mainstream that Austin Powers Sabrina the Teenage Witch The Wayans Bros The Simpsons and The X Files incorporated Springer into their own plots during the late 90s Donald Trump even explored a potential presidential nomination with the Reform Party in 1999 and wanted his running mate to be Oprah Winfrey whose own talk show would make Dr Oz a household name Among Springer s many guests were porn stars who at the end of the millennium were pursuing sex records in a bid

for stardom as the pornography industry exploded aided by sex scandals new technology and the drug Viagra which marked its first full year on the US market in 1999 Benes shows us how so many of the strangest features of culture in 1999 predicted and influenced American life today This wild ride through pop culture uncovers the connections between the kayfabe of WWE and the theatrics of politics between the faddish obsession with Beanie Babies and with NFTs between faithful fans and political loyalists between violent video games and society s scapegoats and much more 1999 is not just a nostalgic look at the past It is also a window into our contentious present [Anxiety of Erasure](#) Hanadi

Al-Samman,2015-12-02 Far from offering another study that bemoans Arab women s repression and veiling *Anxiety of Erasure* looks at Arab women writers living in the diaspora who have translated their experiences into a productive and creative force In this book Al Samman articulates the therapeutic effects of revisiting forgotten histories and of activating two cultural tropes that of the maw udah buried female infant and that of Shahrazad in the process of revolutionary change She asks what it means to develop a national gendered consciousness from diasporic locals while staying committed to the homeland Al Samman presents close readings of the fiction of six prominent authors whose works span over half a century and define the current status of Arab diaspora studies Ghada al Samman Hanan al Shaykh Hamida al Na na Hoda Barakat Samar Yazbek and Salwa al Neimi Exploring the journeys in time and space undertaken by these women *Anxiety of Erasure* shines a light on the ways in which writers remain participants in their homelands intellectual lives asserting both the traumatic and the triumphant aspects of diaspora The result is a nuanced Arab women s poetic that celebrates rootlessness and rootedness autonomy and belonging
