Stories Ruth Wajnryb, 2003-04-03 An exploration of story telling as discourse through a wide range of teaching activities

School Experience Peter Woods, Martyn Hammersley, 2017-04-28 First published in 1977 this volume brings together a range of viewpoints informed by reports of empirical research which bear on the experience of school. Each chapter demonstrates the application of the new sociology of education in its various guises to the world of teachers and pupils. In doing so they exemplify the fields of investigation opened up by these theoretical developments and also suggest directions ahead. The tensions in the articles reflect the tensions that existed in the sociology of education. By bringing them together the aim of this volume is to contribute to a more soundly based sociology of education. Classroom Ethnography Martyn Hammersley, 2021-06-23 Originally published in 1990 Classroom Ethnography examines the interplay between empirical research and methodological reflection. It explores the nature, the methods, the role and the limitations of ethnographic research on school classrooms. Beginning with examples of Hammersley's empirical research, the book then moves on to a number of reflections about the methodology of ethnographic research covering such matters as the role of theory and the relative contributions of qualitative and quantitative work. Classroom Ethnography will be of use to those with an interest in educational research methodology and in particular of ethnographic research on classrooms. *Double Lives: Film Composers in the Concert Hall* James Wierzbicki, 2019-02-08 Double Lives Film Composers in the Concert Hall is a collection of fifteen essays dealing with iconic film composers who perhaps to the surprise of many fans of film music nevertheless maintained lifelong careers as composers for the concert hall.
