# Tampa The Early Years

**A Gutmann**

## **Tampa The Early Years:**

**Tampa's Hyde Park** Delphin Acosta, 2012 Tampa's Hyde Park was a beautifully located frontier that was not discovered until the latter part of the 19th century. Scattered tiny settlements were farmed and fished along Hillsborough Bay. The fine climate and natural resources lingered until Henry B. Plant arrived with his railroad and steamship line in 1884. Then like magic Hyde Park exploded into a visionary community. O. H. Platt created Hyde Park's original subdivision and Plant opened a fanciful jewel of America's Gilded Age, the Tampa Bay Hotel. In less than 10 years the backwater that was located along the western edge of Hillsborough Bay became Florida's first magic kingdom. As the Victorian period ended and the 20th century emerged, Hyde Park embraced the aesthetics and cultural changes of the new century. Bungalows dominated new housing in Hyde Park, providing architectural modernism for the emerging middle class. Today Hyde Park has among the largest intact collections of Craftsman and Prairie houses in the United States.

**Encyclopedia of the Blues** Edward M. Komara, 2006 This comprehensive two-volume set brings together all aspects of the blues from performers and musical styles to record labels and cultural issues, including regional evolution and history. Organized in an accessible A to Z format, the Encyclopedia of the Blues is an essential reference resource for information on this unique American music genre. For a full list of entries, contributors, and more, visit the Encyclopedia of the Blues website.

**Fifty Years of Justice** James M. Denham, 2015-06-09 The verdicts have made headlines, but little is known about the inner workings of the court in which they were delivered. In *Fifty Years of Justice*, James Denham presents the fascinating history of the U.S. Middle District Court of Florida from its founding in 1962 to the present. Readers will discover the intricacies of rulings, the criminal defendants and civil litigants, and the dedicated officials, the unsung heroes who keep the justice system running day to day. From desegregation to discrimination, espionage to the environment, trafficking to terrorism, and a host of cases in between, litigation in these courtrooms has shaped and shaken both state and nation.

**The Early Years** Ron Dick, Dan Patterson, 2003 Looks at the first four decades of manned flight, covering the rise of military and commercial aviation while charting the progress of such companies as Santos Dumont, Farman, and Curtiss in advancing aviation and aviation technology.

**Reproductive Biology and Early Life History of Fishes in the Ohio River Drainage** Robert Wallus, Thomas P. Simon, 2006-06-02 This seven-volume series is the most extensive treatise on early life histories of the freshwater fishes of North America. It represents the state of the art in fishery biology and provides a systematic approach to the study of early life histories of all the fishes in this region. Each volume contains distinguishing characteristics and a pictorial.

**Tampa** Robert J. Kaiser, 1999 The Tampa Bay area has a rich and fascinating history. Truly an international city, Tampa attracted its residents from all over the world, and the city's natural deep water port and proximity to the Panama Canal encouraged significant growth around the turn of the twentieth century. Visionary pioneers came together with Henry B. Plant's railroad, the construction of the Tampa Bay Hotel, and Tampa's five C's: climate, cattle, citrus, cigars, and cheap labor, to build the city that became the Gem of Florida's Gulf.

Coast During this same period in Tampa s history from the 1890s through the 1920s the postcard was an extraordinarily popular means of communication Postcard photographers traveled the nation snapping photographs of busy street scenes documenting local landmarks and assembling crowds of local children only too happy to pose for a picture These images printed as postcards and sold in general stores across the country survive as telling reminders of an important era in American history
