Tangerine Green:

Making Maps , Making Deep Maps David J. Bodenhamer, John Corrigan, Trevor M. Harris, 2021-09-28 This book explores how we create deep maps delving into the development of methods and approaches that move beyond standard two dimensional cartography Deep mapping offers a more detailed exploration of the world we inhabit Moving from concept to practice this book addresses how we make deep maps It explores what methods are available what technologies and approaches are favorable when designing deep maps and what lessons assist the practitioner during their construction This book aims to create an open ended way in which to understand complex problems through multiple perspectives while providing a means to represent the physical properties of the real world and to respond to the needs of contemporary scholarship With contributions from leading experts in the spatial humanities chapters focus on the linked layers of quantitative and qualitative data maps photographs images and sound that offer a dynamic view of past and present worlds This innovative book is the first to offer these insights on the construction of deep maps It will be a key point of reference for students and scholars in the digital and spatial humanities geographers cartographers and computer scientists who work on spatiality sensory experience and perceptual learning

Trust and Power Penny Casdagli, 1998-01-01 Trust and Power is a sequence of interactive drama based workshops that have been developed over seven years to explore with issues with young people Using situations from real life each workshop uses exercises to examine the positive and negative aspects of their respective themes and how they relate to the central themes of trust and power

Introduction to Genetics Sandra Pennington, 2009-07-17 The 11th Hour Series of revision guides are designed for quick reference The organization of these books actively involves students in the learning process and reinforces concepts At the end of each chapter there is a test including multiple choice questions true false questions and short answer questions and every answer involves an explanation Each book contains icons in the text indicating additional support on a dedicated web page Students having difficulties with their courses will find this an excellent way to raise their grades Clinical correlations or everyday applications include examples from the real world to help students understand key concepts more readily Dedicated web page there 24 hours a day will give extra help tips warnings of trouble spots extra visuals and more A quick check on what background students will need to apply helps equip them to conquer a topic The most important information is highlighted and explained showing the big picture and eliminating the guesswork After every topic and every chapter lots of opportunity for drill is provided in every format multiple choice true false short answer essay An easy trouble spot identifier demonstrates which areas need to be reinforced and where to find information on them Practice midterms and finals prep them for the real thing
