Love and Loss Betty Hibod, 2025-10-06 Many books have been written as histories recounting events that shaped the life of a group society nation or civilization or as biographies recounting events and achievements relating to one person's life and work Many books have been written putting forth ideas philosophies and words of wisdom to live by Some of these we call holy books or scripture Fewer books have been written like this one which go behind the scenes of history lay bare the feelings behind the philosophies and document the painful and joyful inner path along which historical events and philosophical ideas emerge This book is intensely even shockingly personal not clinical or abstract or detached It is an intimate detailed sensual and sometimes disturbing account of a life lived on the cusp that bridges time and eternity Its focus is narrow it does not reveal much at all about anyone's visible public life or accomplishments but it explores in great depth the invisible contents of minds hearts and souls The scriptures and scriptural commentaries of most religions describe a path to salvation or bliss and provide instructions or guideposts for moving along the path but they are still only theoretical hypothetical mythical or metaphorical accounts This book seeks to show how the theories and hypotheses play out pragmatically in real time and space how the myths come alive in flesh and spirit how the metaphors become the very things they symbolize How does daily life look from inside someone in the throes of awakening How does she know who or what she is How is her destiny revealed How do seemingly ordinary mundane events become miracles This book begins to answer those questions

Honouring Rituals for Lovers comes along at this time in this digital age because we need to relearn about the very essence of who we are. Our nature is to be giving and nurturing beings. Rituals are the food we need to nourish our body and soul. These simple acts of honouring give feeling to our lives and through feeling we derive meaning. Hanna has created a guide to knowing the body as symbol of love for honouring the hearts and souls of our lovers as the physical embodiment of the God and Goddess within. Alan Steinfeld, TV Host Hanna's book *Tantric Lovers Honouring Rituals* provides detailed instructions for setting the scene and approaching your lover's body with reverence, demonstrating the mapping of the subtle anatomy of the energy body in the process of deepening pleasure and awakening sexual ecstasy. While it is hard to convey the experience, Hanna's comprehensive books describe the best ways to cultivate an attitude of honouring as well as offer techniques so that your partner can surrender to the deep pleasure you offer during genital massage. Keep practicing until you glimpse the precious world Hanna is offering you, one that will change your experience of sex forever.

Cassandra Lorus, Author MA PGDip Porterbrook NHS. This book provides you with visual demonstration which you can implement immediately in your intimacy. You may wish to learn more in depth about the reasoning behind certain practices; these are conveyed in the first book *Tantric Lovers Making your relationship last*, published by Hay House Balboa Press. This book was written to share with you specific techniques of profound teachings, life-affirming benefits of tantric honouring rituals, and also to help educate our society in the magical and transformative ways of tantra. This book is a practical manual, second book in the *Tantric Lovers* series following the first book *Tantric Lovers making your relationship last*. I share with you a sequence and techniques to bring bliss, healing and pleasure into your life and the lives of the people you touch. Tantric rituals are an act of worship and a devotional practice that weaves together sexuality and spirituality. This book will provide you with profound tools that will enhance your intimate relationships and help you to honor and worship the divine within your love partner through sacred touch, generosity of intention and tantric rituals. The emphasis is on honoring the body of the God or the Goddess standing or lying in front of you. The body is perceived as a divine, is regarded as the temple of the soul. It is a dance of energy of giving and receiving, a joint meditation through touch. It touches the core of our being, the Soul. The book will help you expand and liberating the joy of the soul, freeing our energy to flow all over the whole body. Experience basking in an oceanic feeling, riding waves of bliss. People describe the feeling they experience as a taste of grace descending. You may touch spaciousness that is beyond time and space as if you are space itself. Touch nourishes the body and the soul and it quiets the mind. It enables a profound healing to take place naturally and effortlessly. This book is a gift to all that are open to grow and experience bliss and intimacy that transcends beyond the ordinary into the realms of the extraordinary. I offer it so that we can change and embrace all aspects of our being and celebrate healthy sexuality as it permeates all aspects of our life, remembering the divinity within each and every one of us. This book is suitable for all open-minded people who are ready to explore new realms and transcend above the mundane, propelling their sexual and spiritual connection to new heights.
