knowledge on and off the screen Building on Eve K Sedgwick's queer feminist concept of queer performativity the author creates a historically situated model with which she traces various figures of technically anthropomorphic queer masculinity in the medium of film in an empowering sense This book is a translation of an original German 1st edition Performative Figuren queerer Männlichkeit by Christiane König published by J B Metzler imprint of Springer Verlag GmbH Germany part of Springer Nature in 2020 The translation was done with the help of artificial intelligence machine translation by the service DeepL.com The author with the friendly support of Megan Hanson has subsequently revised the text further in an endeavour to refine the work stylistically Springer Nature works continuously to further the development of tools for the production of books and on the related technologies to support authors *Taschenbuch des öffentlichen Lebens* Albert Oeckl, 2001
